

# Burstall Succeeds General Currie as Inspector-General

## Raised to Rank of Lieutenant-General; Major-General Macbrien Is Made Chief of Staff; Militia Council Undergoes Re-organization.

Ottawa, Aug. 18.—(Canadian Press)—Following upon the resignation of General Sir Arthur Currie, Inspector-General of the Canadian Forces and Chief Military Counsellor, to assume his appointment as Principal of McGill University, a re-organization and re-arrangement of duties have been effected at militia headquarters. New appointments to the posts of General Officer Commanding Military District No. 3, with headquarters at Kingston, and General Officer Commanding Military District No. 12, with headquarters at Regina, also have been made.

In the re-organization of militia headquarters, Major-General Sir H. E. Burstall, K.C.B., K.C.M.G., A.D.C., becomes Inspector-General, with the rank of Lieutenant-General in the Canadian militia. General Burstall has been filling the post of Quartermaster-General.

The Militia Council will consist of Major-General J. H. Macbrien, C.B., C.M.G., D.S.O., who becomes Chief of Staff; Major-General E. C. Ashton, C.M.G., who succeeds General Burstall as Quartermaster-General; Major-General J. H. Elmestey, C.B., C.M.G., D.S.O., who relinquishes the post of commandant of military district No. 3, to become Adjutant-General at Headquarters; Major-General E. W. B. Morrison, K.C.M.G., C.B., D.S.O., who is appointed to the post of Master-General or Ordnance; Lieutenant-Colonel H. C. G. Gieseler, D.S.O., is attached to the Headquarters Staff as Chief Staff Officer, Artillery.

### Command Districts

In the military districts the following appointments have been approved:

To be General Officer Commanding Military District No. 3, headquarters at Kingston, Brigadier-General W. B. M. King, C.M.G., D.S.O., who succeeds Major-General Elmestey.

To be General Officer Commanding Military District No. 12, headquarters at Regina, Brigadier-General D. M. Ormond, C.M.G., D.S.O., who succeeds Brigadier-General Ashton, D.S.O., the latter having resigned to return to his civil profession.

### AMERICAN PLANES REACHED DAWSON

#### Two Machines Landed Yesterday Afternoon; Two Delayed at White Horse

Dawson, Y.T., Aug. 17.—Aeroplanes No. Two and No. Four of the United States army aerial squadron, flying an air trail from New York to Nome, Alaska, arrived here yesterday afternoon from White Horse. The actual flying time of the planes from New York to Dawson was 47 hours and 48 minutes. The other two planes were delayed at White Horse, one of them bursting a tire in attempting to hop off. They are expected to arrive in Dawson today.

### TO REORGANIZE NAVAL BRIGADES

#### Provincial Executive of Navy League Decides on Important Move

Reorganization and standardization of all the boys' naval brigades throughout British Columbia was decided upon by the Provincial Executive of the Navy League of Canada in session here today. The brigades will be placed upon exactly the same footing, and brigades will be developed at different points where branches of the Navy League are in existence.

### Increased Railway Rates Are Opposed at Hearing

Ottawa, Aug. 18.—(Canadian Press)—Argument by counsel was not proceeded with when the Railway Board this morning resumed its consideration of the application of the Canadian Railway Association for an increase of forty per cent. in freight and twenty per cent. in passenger rates on all lines operating within the Dominion. It developed that there were a few additional witnesses to be heard, but chief interest in the sitting was centred in the cross-examination by counsel opposing the demands of the railways of W. J. Moule, the C. P. R. statistical expert, who last week submitted figures to show that without higher rates the company would have a deficit of \$2,000,000 for the year which will close with June 30, 1921.

### DENTISTS MEET

Ottawa, Aug. 18.—Delegates to the tenth biennial convention of the Canadian Dental Association were welcomed yesterday by Mayor Fisher.

### DEMONSTRATIONS PLANNED IN SEOUL; AMERICAN PARTY \$60,000 DAMAGE DONE BY FIRE IN CHILLIWACK TO-DAY

Tokio, Aug. 18.—Advices from Seoul say there are rumors that Koreans are planning insurrectionary demonstrations upon the occasion of the visit of the United States Congressional party to that city. The United States Congressmen are at present in China, returning from an inspection of affairs in the Philippines.

Chilliwack, Aug. 18.—Fire early this morning caused damage amounting to \$60,000 in the business section here. The chief sufferers are the Chilliwack Shoe Company, Chilliwack Electric Company, S. Houston and F. Green. The estimated loss of the shoe company is \$32,000.

### Mounted Police Entertain Press Conference Men

Regina, Aug. 18.—(Canadian Press)—Editors and publishers of the British Empire, delegates to the Imperial Press Conference, who are touring Canada, made the acquaintance of Canada's famous Mounted Police to-day at the old headquarters of the Royal Northwest Mounted Police here. A programme of entertainment similar to that given the Prince of Wales last year was put on for the benefit of the newspapermen, many of whom saw the historic force in action for the first time.

### WANT SAANICH ONE BIG GARDEN TO COME TO COAST

New York World Predicts Conference on Japanese Alliance in Vancouver

New York, Aug. 18.—(Canadian Press)—A special dispatch from Washington printed in The World to-day declares that Premier Lloyd George is to discuss the Anglo-Japanese Treaty with the Prime Ministers of all the British Dominions at a conference to be held in Vancouver this Autumn.

### LIQUOR PRISONERS OVERCROWD JAIL

Men Held at Sandwich, Ontario, Haven't Room to Sleep Comfortably

Windsor, Ont., Aug. 18.—There are sixty-seven prisoners now held in the county jail at Sandwich, approximately 100 per cent. more than capacity. Most of them are Ontario Temperance Act violators. Cots and hammocks have been placed everywhere in the jail to accommodate the inmates who are sleeping standing up. Twin beds are under consideration by Governor Wanless as a solution, and if this is found impracticable the prisoners may have to sleep in relays of six hours each.

### FLAKES OF GOLD ARE FOUND IN NEW-YORK

Tiny Bits Clung to Boots of Man Engaged at Excavation Work

New York, Aug. 18.—Engineers in charge of an excavation in the heart of New York's financial district today were treating some tiny yellow metal flakes that one of them scraped from his muddy shoes. Tests have been applied and indications point to the discovery of gold in the very shadow of the United States Sub-Treasury Building.

### MAN ELECTROCUTED IN OSHAWA, ONT.

Blondin Will Make Trip to Britain

Oshawa, Ont., Aug. 18.—Charles W. Willman, a lineman employed by the Ontario Hydro-Electric Power Commission, was electrocuted yesterday when he accidentally came into contact with a light wire while repairing a blown out transformer.

### WOMEN OF STATES TO CAST VOTES IN NOVEMBER ELECTION

Nashville, Tenn., Aug. 18.—Tennessee to-day became the thirty-sixth state to ratify the Susan B. Anthony Federal Suffrage amendment. The constitutional change thus will become effective in time for the 37,000,000 women of the country to vote in the Presidential election in November, unless the lower House of Tennessee Assembly rescinds its action of to-day in adopting the ratification resolution fifty to forty-six.

### GREAT HARVEST IN PEACE RIVER AREA

Ottawa, Aug. 18.—Canada's last great West, more familiarly known as the Peace River Country, is due for a magnificent harvest this year, according to E. S. Archibald, Director of Experiment Stations, who returned from a trip across the Dominion.

### MR. LLOYD GEORGE GOES TO SWITZERLAND FOR NEEDED REST

Paris, Aug. 18.—Premier Lloyd George of Great Britain will arrive at Boulogne to-day on his way to Switzerland. He will pass through Paris without stopping.

### FOOD COST SHOWS SLIGHT DECREASE

Week's Supplies For Average Family Eight Cents Less in July Than in June

Ottawa, Aug. 18.—(Canadian Press)—During July the cost of the weekly budget of staple foods dropped slightly, according to the figures given in the current issue of The Labor Gazette. The average was \$16.84 at the middle of July, as against \$16.92 in June, \$17.77 in July, 1919, and \$17.42 in July, 1918.

### REDS SAY THEY RETOOK CIECHANOW

Bolshevik Claim They Captured 1,200 Prisoners Northwest of Warsaw

Moscow, Aug. 18.—Bolshevik forces northwest of Warsaw captured 1,200 prisoners and seven guns in a battle in which they lost and regained the town of Ciechanow, fifty-five miles from Warsaw, according to Tuesday's official communique, the text of which follows:

### NOVO-MINSK AGAIN IN POLISH HANDS

Recaptured, Says Dispatch; Danzig Corridor Cleared Of Soviet Troops

Paris, Aug. 18.—The Poles have recaptured Novo-Minsk, a short distance east of Warsaw, according to a dispatch from the Polish capital to-day.

### RIOTS AT ABBADA, ITALY, LEAD TO SEVERAL DEATHS

London, Aug. 18.—Serious rioting has occurred at Abbada, near Siena, Italy, resulting in seven deaths and the injury of several others, according to Rome dispatches.

### LOCOMOTIVE BLOWS UP NEAR COURTENAY AND KILLS MAN

Courtenay, B. C., Aug. 18.—A locomotive of the Comox Logging and Railway Company blew up at eight o'clock this morning near Camp No. 2, and Samuel Willoughby, engineer, lost his life. P. P. Davidson, fireman, is probably fatally injured, and Willour Watson is scalded and suffering from shock but will recover.

### WEST PETERBORO FARMERS TO NOMINATE

Peterboro, Ont., Aug. 18.—A call has been issued by the United Farmers of Ontario for a convention to be held here on Saturday, August 21, for the purpose of nominating a candidate for the coming federal by-election, presided at by the retirement of James Burrows, M.P., for West Peterboro.

### Polish Answer on Terms of Bolsheviki To Be Given To-day

#### Russian Proposals Were Read to Polish Delegates At First Meeting With Soviet Agents in Minsk Yesterday, Says Dispatch From Moscow.

Moscow, August 17.—Via London, Aug. 18.—(Associated Press)—The Russian Soviet's peace terms were read to the Polish delegates at their first meeting with the Soviet representatives in Minsk to-day. The Polish answer will be returned to-morrow.

An official statement said: "The Minsk conference opened to-day at 7 p.m., with a speech by Chairman Danishevsky, after which credentials were exchanged. Danishevsky emphasized Russia's respect for Poland's independence, sovereign rights and right to determine her own form of government, and said Russia accorded Poland more territory than the Entente."

### RED TROOPS LOSE TOUCH WITH BASES

Disregard Lines of Communication; Leaving Opportunity For the Poles

Warsaw, Aug. 17.—Via London, Aug. 18.—Bolshevik forces advancing into Poland march ahead without any concern for their lines of communication, according to statements of refugees gathered by The Warsaw Gazette.

### NO MUNITIONS NOW UNLOADED AT DANZIG

Allied Commissioner Stops Movement to Poland; Protested by French

Paris, Aug. 18.—(Associated Press).—The French Government intends to protest energetically against the decision of Sir Reginald T. Tower, Allied High Commissioner at Danzig, who yesterday forbade further unloading at Danzig of French munitions for Poland, it was learned to-day.

### BOYS CHARGED WITH TWO DEATHS

Ottawa, Aug. 18.—The police are investigating the deaths by drowning of two six-year-old boys, William Ogilvie and Earl Henderson, which occurred in the Rideau Canal. A third boy, who was rescued, Russell Henderson, states that some older boys approached as the three were standing on an old wooden pier by the water's edge, and with the cry, "Let's push them in," did so, and ran away without making any effort to pull them out again.

### DENTISTS ELECTED OFFICERS IN OTTAWA

Ottawa, Aug. 18.—(Canadian Press).—Officers elected at the annual conference of the Dominion Dental Council, which closed its sessions last night, were: Dr. H. F. Whittaker, Edmonton, president; Dr. H. R. Abbott, London, Ont., first vice-president; Dr. J. S. Bagnall, Charlottetown, P.E.I., second vice-president; Dr. W. D. Cowan, M.P., Regina, secretary-treasurer.

### Locomotive Blows Up Near Courtenay and Kills Man

Courtenay, B. C., Aug. 18.—A locomotive of the Comox Logging and Railway Company blew up at eight o'clock this morning near Camp No. 2, and Samuel Willoughby, engineer, lost his life. P. P. Davidson, fireman, is probably fatally injured, and Willour Watson is scalded and suffering from shock but will recover.

### WEST PETERBORO FARMERS TO NOMINATE

Peterboro, Ont., Aug. 18.—A call has been issued by the United Farmers of Ontario for a convention to be held here on Saturday, August 21, for the purpose of nominating a candidate for the coming federal by-election, presided at by the retirement of James Burrows, M.P., for West Peterboro.

### EX-SUBALTERN

## WILL BE N.C.O.'S,

New British Army Rule Allows Former Lieutenants to Enlist

London, Aug. 18.—(Canadian Associated Press)—The War Office is sanguine that the new rule enabling ex-subalterns to re-enlist as corporals will meet with a ready response. Twelve thousand former officers are stated to be seeking employment and it is suggested that such a condition will be a persuasive recruiting agent, especially with unmarried men untrained for civilian occupations.

Lord Haig's recent further appeal for work for ex-service men is being powerfully supported. A conference is being held early in September of all majors around London to consider the matter.

### TWO KILLED AND THREE WERE HURT

Montreal, Aug. 18.—A series of fatalities and accidents occurred in and around this city last night.

Lillian Smith, three and a half years old, was struck by a G. T. P. train at Lachine and almost instantly killed.

Aurore Pilonneau, fourteen years of age, struck by a street car, suffered a fracture of the skull. Her condition is serious.

Sepherin Legare, twenty-six, struck by an automobile on the Cote des Neiges Road, suffered a fracture of the skull and died.

Delphia Gaudreau suffered contusion and nervous shock when his automobile collided with a street car.

Georgette Hanowski, struck on the head by a piece of coal thrown by a boy, suffered a fracture of the skull. Her condition is regarded as serious. The boy so far has not been located.

### JAPANESE CONTROL AMUR FISHERIES

Peking, Aug. 17.—The Japanese military authorities at Nikolaievsk, on the left bank of the Amur River, in Asiatic Russia, have issued an announcement that all Russian fisheries in the estuary of the Amur have been taken under Japanese control, according to a Vladivostok dispatch to the Russian News Agency.

Russians desiring to lease fisheries must comply with the Japanese demands, it is said.

### COMING TO DISCUSS INDIAN QUESTIONS

Ottawa, Aug. 18.—D. G. Scott, Deputy Minister of Indian Affairs, left last night for the Pacific coast to take up with the British Columbia Government several questions affecting the welfare of Indians in the coast province.

At the last session of Parliament a bill was passed providing for compulsory enfranchisement of Indians when they reached a certain stage of educational advancement. This, and other measures affecting the Indians, will be taken up by Mr. Scott.

### SITE OF ANCIENT TIBERIAS FOUND

London, Aug. 18.—The site of ancient Tiberias is believed to have been unearthed, says a Jerusalem dispatch to The London Times. The alleged discovery of the ruins of the city, which played a notable part in Jewish and Christian history, was made by Jewish workmen who were building a Government road.

When the remnants of old walls and columns began coming to light, the Government immediately stopped the work. The director of the Department of Antiquities then visited the spot, accompanied by two members of the Jewish Exploration Society. The society has been given permission to conduct further investigation and excavations.

## Candy for Children

### BRITISH ATTITUDE TOWARD WRANGLER

## No British Support For Operations by Anti-Bolshevik Forces

London, Aug. 18.—Premier Lloyd George, in a detailed reply to the request of Leo Kamenef, of the Russian Mission in London, for an exact definition of Great Britain's attitude toward Gen. Baron Wrangel, Anti-Bolshevik leader in South Russia, said the British Government never had the intention to detach Crimea from Russia or secure its possession to Gen. Wrangel in his offensive.

The British Government, the Prime Minister added, was now only concerned with insuring the safety of troops and refugees under Wrangel, who had been warned that the British would decline all responsibility if he should undertake intervention.

Mr. Lloyd George then explained that the British Government would only feel bound to reconsider this attitude in event of the Soviet proposing terms infringing upon the independence of Poland.

### FREIGHT PREPAYMENT RULE IS SUSPENDED

Washington, Aug. 18.—Regulations proposed by the order of American railways requiring the prepayment of freight charges on traffic to points in Canada were ordered suspended yesterday from August 15 to December 15, by the Interstate Commerce Commission, pending investigation.

Ottawa, Aug. 18.—News of the suspension of the order of American railways requiring the prepayment of freight on commodities consigned to Canadian points comes with a welcome sound to Canadian business men and others.

In dollars and cents the saving to Canadian buyers of goods from the United States will, it is said, reach huge proportions when during the period of suspension from August 15 to December 15.

### AUSTRIANS SEIZE AMMUNITION BARGE

Vienna, Aug. 17, via London, Aug. 18.—A Danube gunboat, yesterday seized a barge outside of Vienna which was conveying machine guns and ammunition. The war material was alleged to be French, and were said to have come via Bavaria on their way to Roumania or shipments to Gen. Wrangel, the anti-Bolshevik leader in South Russia. The cargo was confiscated.

### HULL OF VINDICTIVE RAISED AT OSTEND

London, Aug. 18.—The British light cruiser Vindictive, which was sunk in the entrance of Ostend harbor on May 11, 1918, and which had blocked the port since that time, has been refloated and the port is again open for traffic. The sinking of the Vindictive was one of the most thrilling episodes of the last years of the war.

### SCHOOL ATTENDANCE.

Toronto, Aug. 18.—That the operation of the adolescent School Attendance Act would be postponed was the prediction made yesterday afternoon by Hon. R. H. Grant, Minister of Education.

This act calls for the compulsory attendance at school of youths from 14 years to 18 as from September 1, 1921, and in certain cases of those between the ages of 16 and 18 years from September 1, 1922. It was made law by the Lieutenant-Governor's signature a short time ago.

The Minister said that at present the municipalities were not prepared to enforce the act. They will be given six months' further time.

### DENIED BY OTTAWA.

Vancouver, Aug. 18.—An emphatic denial that foreigners are being imported by the Canadian railways was made yesterday by H. H. Stevens, M.P., from Hon. Gideon Robertson, Minister of Labor, in reply to a wire sent by the member Vancouver Centre yesterday receiving a complaint from representatives of the Imperial War Veterans and other returned men to that effect.

### MINERS RESUME WORK.

Calgary, Aug. 18.—Coalhurst and Drumheller mines of the North American Collieries have resumed work after a strike of some days, a settlement being reached in which the miners, who are One Big Union men, gained their demands. They asked that the thirteen per cent increase be granted retroactive to April, and that there be no increase in rents, and there be no U. M. W. check-off. All these demands were granted.

### CORONER'S JURY IN DUBLIN PUTS BLAME ON TROOPS

London, Aug. 18.—A dispatch from Dublin last night said: "That Government troops are accountable for the death of Thomas Farrell, a boy who was shot and killed after curfew on the night of August 16, during the celebration here of the reported arrival of Archbishop Mannix, of Australia, was the decision of a coroner's jury to-day.

The verdict stated: "The deceased died of shock and hemorrhage through bullets fired from guns of the military without justification. We strongly condemn the action of the military in empowering youths to endanger the lives of citizens and record our deepest sympathy for the relatives of the deceased."

"Strong military precautions were taken at the inquest. Two armored cars with machine guns were on guard.

"Other evidence of apprehension over the prevailing unrest is seen in the erection of barbed wire defenses for the Four Courts. Special protection also has been given the Killdeer Street Club, a resort of high officials and Unionists."

### LLOYD GEORGE AND IRISH SETTLEMENT

London, Aug. 18.—A dispatch from Dublin said disappointment was voiced in the press yesterday at the statement by Premier Lloyd George in the House of Commons relative to settlement of the Irish question. Newspaper discussions centred variously upon the three stipulations specified by the Prime Minister as a basis to consider settlement: Separate treatment for the six counties of Northern Ulster, no secession of any part of Ireland from the United Kingdom, and no agreement involving any detraction from the security of British Isles or of their safety in case of war.

The Freeman's Journal, which has advocated Dominion Home Rule, suggested as a reply a "financial and commercial boycott of that part of Ulster which is causing all the trouble."

The Independent said the Premier's first condition, insisting upon separate treatment for Ulster, "makes any discussion with him wholly futile."

### MACKENZIE KING SPEAKS AND DANCES

Toronto, Aug. 18.—Hon. W. L. Mackenzie King, Leader of the Liberal party, is not overlooking his social duties in the heat of his political campaign in his own constituency of North York. The Star tells how Monday night, after he had addressed a meeting at King City, all the chairs were cleared away and the young people danced.

According to one of the ladies present, Mr. King danced "with every maiden in the hall."

### JUGO-SLAV MINISTRY.

Belgrade, Aug. 18.—Milenko Rvsnitch has formed a new Cabinet for Jugo-Slavia. Most of the members of the old Ministry retain their posts in the new regime.

### PRINCE WILL NOT VISIT INDIA.

London, Aug. 18.—The royal proclamation to India states that the Prince of Wales will not visit India next Winter to inaugurate reform legislation. The Duke of Connaught will undertake these duties.

## HAPPY SURPRISE TO HIM STATES WHITE

Twenty Years Of Stomach Trouble and Rheumatism Had Left Him Almost Without Hope Of Getting Well—Tanlac Again Proves Merit

It palpitated terribly. I had awful headaches, and at times became so dizzy I had to sit down or catch hold of something to keep from falling. My back hurt me so bad I could hardly bend over to pick up a hammer, and the rheumatic pains in my legs were so severe that it was all I could do to stand up. At night I could scarcely sleep, and I always felt tired and worn out in the morning.

"Well, nothing seemed to help me until I got Tanlac, but this medicine went right after my troubles from the very start, and since taking eight bottles I'm feeling just fine. I have an excellent appetite now, and everything agrees with me so well that I eat anything I want at any time without my stomach troubling me a bit. I haven't had a sign of headache or dizziness since taking the first bottle, and the rheumatism has entirely disappeared also. Why, I've actually gained fourteen pounds in weight, and I sleep so well at night and get up in the morning feeling so fine it seems almost too good to be true. I'm enjoying the best of health again, but if it hadn't been for Tanlac I believe I would still be just as bad off as I ever was if not worse."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

## PILES

Do not suffer another day with itching, bleeding, or protruding PILES. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 60c a box; all dealers, or Edman & Co., Limited, Toronto. Sample box free if you mention this paper and enclose the stamp to the publisher.

Victoria Daily Times
WEDNESDAY, AUGUST 18, 1920.
Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

AN OLD ARGUMENT.

According to the verdict of a German business man who is soon to become an American citizen the Treaty of Versailles is unenforceable. In a letter to a New York banker...

spects, in helpless infancy at that. There is, for example, an illimitable field of investigation and enlightenment in what may be described as the psychology of disease. The part played by the human mind in determining the destiny of the body and the duration of life is yet only dimly perceived.

MADE IN VICTORIA.

If half the householders in the city of Victoria were to canvass their weekly requirements the amount and variety of the household budget of commodities that are made at home would surprise them.

It is interesting to hear once more from an exponent of German colonial development. Some of the apologists in the war party of the Fatherland declared that it was the yearly accession to Germany's population of some 800,000 souls which necessitated demands for an extension of territory by any means.

There is another side to the narrative; the number of immigrants during the fifteen years prior to the war exceeded emigrants, so that population was on the point of flowing towards instead of away from Germany.

P. G. E. EXTENSION.

Now that he has conducted a personal inspection of that part of the Province which is crying out for railway facilities, Mr. Bowser has announced through the columns of The Edmonton Bulletin that if the Conservatives are returned with a majority at the next general election the Government of which he would then be the leader would consider the extension of the Pacific Great Eastern to the Peace River and contiguous sections to be its first duty.

Premier Oliver, who was with Mr. Bowser a few days ago in the Peace River locality, also agrees that the settlers in that part of the Province are developing the country along sensible lines and that their one need in order to enable them to make additional progress is appropriate transportation facility.

NOT THE LAST WORD.

The prosecution of chiropractors in the Police Court on the charge of unlawfully practising medicine opens the door to a very wide range of discussion and controversy, both technical and general. The high courts will decide the final legal aspect of the question, but there are other principles associated with it which cannot be disposed of by anything to be found in the statutes or even in the ponderous tomes of materia medica.

knows is necessary, but which is delayed only through lack of funds. There is no doubt about the ability of this Province to meet its obligations ultimately, it must be remembered, however, that there are other parts of the country doing their level best to tap the treasury for development work which means just as much to those sections as does the extension of the P. G. E. to the Peace River.

NOTE AND COMMENT

The North York Star relates the information that the Hon. W. L. Mackenzie King, Leader of the Liberal Party, wound up his political engagement on Monday night at King City with an exhibition of the light fantastic, and according to one of the ladies present "Mr. King danced with every maiden in the hall."

Vancouver's Harbor Board has received the Government's cheque for over six hundred thousand dollars to complete the purchase of the new dock site from the Great Northern Railway. It will be a great day for Victoria when Mr. Ballantyne authorizes a couple of million for expenditure on the Outer Wharves.

OTHER PAPERS' VIEWS

CANADIANISM. (H. R. Peat in Western Veteran, Edmonton.) Canadianism means the effort to realize a national community in which every citizen will have the opportunity to make for himself a life that is worth living and which in its worthiness is a contribution to the happiness of all.

"TOLL FOR THE BRAVE." (Manchester Guardian.) "Kitchener's Army" was made during the war. Fisher's navy was made before the war, and apart from the experts and the service nobody knew that it was Fisher's. In that sense you have the opportunity, acknowledgment, and achievement of the two great captains to whom the British side of the ultimate victory was due.

Jack. Kitchener dominated the popular mind more than Fisher did. His legend was inscrutability, silence, women-hating, and loneliness, and all these were qualities that suited us, as we made him of different clay to ourselves. The Fisher legend is symbolized by the fact that he was called "lucky Fisher"—not even "Jack," but the minimizing diminutive—and his legend was a brimstone outspokenness, pugnacity, a blind instinct for successful handling of events and a feeling through a brick wall, a half-fellow-well-met and a man that took his share of society and liked to be popular. People saw in Fisher the qualities that suited the ordinary John Bull, which they had in abeyance or in action themselves. His obsession for the old Testament and his love for King Edward were seen as the hall-marks of that character.

The navy is indeed the silent service, for until the end of the war the world knew little about the transformations and internal wars and vendettas that accompanied the change from Nelson's navy that won our French war to Fisher's navy that won our German war. For instance, how many people knew that up to 1900 we had still muzzle-loading guns in the navy, and up to 1890 had battleships with muzzle-loading guns. The epitaph on Fisher's tomb should be that he electrified the wooden walls of England. His personal personality was harnessed to the business of bringing the navy up to the standard of the mercantile marine in modern technical equipment and bringing it beyond the German navy in fighting power. The real way to appreciate Fisher's greatness is to think where we had not had Fisher.

NO CROSS-CANADA AEROPLANE EXPRESS SERVICE PLANNED. Ottawa, Aug. 18.—(Canadian Press)—Although the matter of a cross-Canada air flight has received consideration, as have several other proposals, officials of the Air Board state that a report said to have come from them in reference to a fifty-hour express service between Halifax and Vancouver, is entirely premature. No decision has been reached in regard to the proposed cross-country attempt, and it is not expected there will be any for some little time.

DIED OF BURNS. Barrie, Ont., Aug. 18.—Bert Adams, thirty-seven years old and unmarried, died here last night as the result of burns received Sunday while filling the gasoline tank of his automobile.

WANT SAANICH ONE BIG GARDEN

(Continued from page 1.) it to increase still more. We shall need the output of every available bit of land in Saanich, for our own use, and for export.

Many Settlers Coming. "This Fall will see a larger influx of prairie people than ever before. For the most part—on account of the climate largely—it is suburban country in the vicinity of Victoria which attracts them. But whereas they have been in the habit of farming large acreage from 100 to several thousand acres, it is the rule with them, when they come to the West to prefer to undertake extensive farming."

Domestic Convenience Also. It was pointed out to Mr. Pendray that possibly the problem of irrigation for Saanich could be solved by supplying the Peninsula with a supply of domestic water. "Exactly," said Mr. Pendray. "In fact, apart entirely from the question of water for irrigation purposes, there is the necessity for water for domestic use, and it is surely absurd to suppose that farmers who have been accustomed to the conveniences of modern civilization will look with favor upon the idea of having a place where all of the water used for household purposes must be hauled from a distance or pulled up from a well."

Ridiculous To Talk. "It does seem ridiculous to be arguing about the benefits to be derived from the installation of a water system. One would think we were living in the dark ages, when all innovations were supposed to be wild and dangerous to the community. The fact of the necessity for water from a hygienic point of view is so apparent on the face of it that argument seems futile."

Like One Big Garden. "It is therefore, to the interest of Victorians that this adjacent district of Saanich should not put the city itself to shame, but should be developed and beautified to that extent that between it and the city there shall seem to be no line of demarcation, but a continuation throughout the length and breadth of the Peninsula of the features which make the city so attractive to all comers."

Big Thing For District. "There need be nothing of this kind. The drive throughout the whole forty-five miles could be made as interesting and beautiful as a journey through a diversified garden, with places like Butchart's summer gardens and the Observatory merely standing out as perhaps more emphatically interesting than the rest, and not, as they are now, during the dry season of the year, the only reasons for visiting the Peninsula at all."

Increased Railway Rates Are Opposed At Hearing. (Continued from page 1.) his own calculations had been made upon a too conservative basis. A Great Total. Examining Mr. Meale, H. Symington, counsel for the Government of Manitoba, brought out that if the railways had a natural increase of twenty per cent. in traffic over 1919, during the present year, and they were also granted the rate advances requested, their total increase would amount to approximately \$242,000,000. Of this amount the C. P. R. would be four per cent, which would amount to \$108,000,000. Mr. Meale would not state positively that an increase of twenty per cent. in traffic could be relied on, but he agreed that it might be that much.

To Nova Scotia. Just before 1 o'clock adjournment. Chief Commissioner Carvell stated that it was absolutely necessary that he should leave for Nova Scotia on Saturday. He had no desire to curtail the hearing in any way and if the case could not be concluded by noon on Saturday he would be willing to adjourn the hearing until next week. He suggested that by Thursday night counsel might be in a position to know whether or not they could finish this week.

CLASH IN UPPER SILESIAN TOWN. Kattowitz Crowd Attacked French Troops and Latter Opened Fire. Berlin, Aug. 18.—French troops clashed with inhabitants of the town of Kattowitz, an important mining town of Upper Silesia, yesterday, eleven persons being killed and twenty-six wounded. Polish troops attempted to break up a mass meeting at Rybnik, about twenty-five miles southwest of Kattowitz, and in the resulting disorder one person was killed and four wounded. Workers in all the towns in Upper Silesia struck at noon yesterday as a protest against the war between Russia and Poland. All public utilities were halted from 12 to 2 o'clock in the evening and all restaurants and stores were closed. Meetings of trade unions were held everywhere in the interests of neutrality and demands were made for the creation of a commission to control the transportation of troops.

Every one to his taste says Bobby -and when it comes to flavor in corn flakes I find most everybody wants Post Toasties

Home Furnishing Bargains At Weiler Bros. Sale. Five whole floors of attractively priced merchandise for the home. You can save substantially by purchasing everything you require at Weiler Bros.' "Hoe Maid" Sweets Will Please "Her". TRUE, they are a little higher in price than ordinary sweets—but that is just another word in their favor, for chocolates and candies of such exceptional quality cannot be prepared to sell at ordinary prices. Stevenson's CHOCOLATES & CONFECTIONERIES 730 WATER STREET DOCKERS STREET

Attack Made. A Kattowitz crowd attacked a detachment of French cavalry, killing a trooper, whereupon the French opened fire with machine guns and grenades, killing nine and wounding twenty-six. Milewski, a lawyer and a local Polish leader, threw a grenade from a window and was dragged from his house and killed. The Security Police, two of whose comrades were killed by the French fire, have refused to continue on duty. After the disturbance the French troops were withdrawn from the town.

Firing. Berlin, Aug. 18.—Uninterrupted rifle fire and hand grenade explosions were reported to be proceeding at 1 a. m. in Kattowitz, Upper Silesia, where serious fighting occurred last night between French troops and civilians who struck in protest against the Russo-Polish war and demanded disarmament of the occupational troops. Another report said the occupational troops were prepared to deliver their arms to the custody of the Security Police. A trade union delegation last night entered into direct negotiations with the Inter-Allied Commission, and demanded disarmament of the occupational forces. The delegates offered safe conduct for the troops on their departure. The French military commandant, Colonel Blaucaert, said he would rather die than agree to this, according to the report.

ENGLISHMEN PULL BELGIANS OVER LINE. Further Results in Olympic Games At Antwerp To-day. Antwerp, Aug. 18.—Peterson, Sweden, won the final of the broad jump with 7.15 metres; C. E. Johnson, University of Michigan, was second, with 7.09 metres; Abrahamson, Sweden, third, 7.05 metres; R. L. Templeton, Leland Stanford University, fourth, 6.96 metres; Aastad, Norway, fifth, 6.83 metres, and Franksson, Sweden, sixth, 6.87 metres. Those who qualified for the 1,500-metre run were: Vochalik, Czechoslovakia; A. G. Hill, England; Audinet, France; Lundgren, Sweden; D. McPhee,

**NEW ZEALAND IS VERY PROSPEROUS**

Hon. George Fowlds, Former Minister, Arrived on Tahiti Last Evening

New Zealand's industries being those of the essential commodities, wool, meat, butter, cheese and other similar lines, the Dominion is in a very prosperous condition, according to Hon. George Fowlds, C.B.E., of Auckland, New Zealand, who arrived on the Tahiti last evening from the Antipodes.

Mr. Fowlds, who formerly was a prominent politician in the sister Dominion, and has held a number of portfolios in the cabinet during the Liberal administrations, was an unsuccessful candidate at the last election. Unless proportional representation is adopted, he doubts if he will be a candidate again, so he stated to The Times last evening.

Mr. Fowlds is accompanied by two daughters, and it is a direct personal cause that brings them with him, for the younger daughter is to be married to a young man from Portland who met them at the boat yesterday. After the marriage Mr. Fowlds said he should take his elder daughter to New York, and return to Vancouver in time to sail by the steamer for New Zealand about November 10.

Mr. Fowlds stated that conditions in New Zealand are very satisfactory. In spite of some unemployment in the chief cities, the farming communities are very prosperous, and stimulated by Government aid there has been a large settlement of returned men on the lands of the Dominion. The housing question is still very acute, and the Government has extended the principle of loans in order to supply the deficiency in homes.

Mr. Fowlds spoke here some few years ago, and he asked a number of questions with regard to taxation and other matters in which he was greatly interested during his term in office.

**TO ASK DR. TOLMIE TO SPEAK ON DOCK**

When he arrives in Victoria from the East again, Hon. S. F. Tolmie, Federal Minister of Agriculture, will be asked by the Great War Veterans' Association of this city to address a mass meeting of returned men on the subject of the Esquimaux dry-dock. The G. W. V. A., at its regular meeting last night, decided to ask Dr. Tolmie to speak on this subject at the earliest opportunity.

The feature of last night's meeting was an address by the new president, Comrade Stone, who took the chair. President Stone paid a high tribute to the late Comrade Debert, of New Westminster, formerly the Provincial representative on the Dominion Command. A telegram of condolence has been sent to Mrs. Debert expressing the deepest sympathy from the Victoria branch of the association.

President Stone said he hoped to see the local branch the strongest in the Province, and moreover desired the amalgamation of all returned men's clubs into one powerful organization. He commended highly the work of the Women's Auxiliary in its care of the boys still in hospital.

Comrades Hart, Bowden and Rumsby were elected to the executive as members representing the floor of the house. A special meeting will be held next Thursday when the Provincial President and the Provincial Secretary will speak on important matters.

**LIGHTING ASTONISHES**

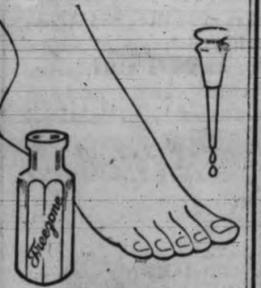

'Extravagant' Use of Electricity in Canadian Cities Strikes Englishman as Remarkable

The prolific way in which Canadian cities use electric lights to make themselves attractive at night is one thing that has astonished H. Gould, of Toronto, Kent, England, who has arrived in Victoria on a trip around the world.

The splendid lighting is remarkable, said Mr. Gould. "In the Old Country such extravagance, as one might call it, could not be afforded." Mr. Gould has brought his wife and children along with him. They will stay here until November 15, making side trips up the Island, to San Francisco and Alaska. They go to Japan next.

**"FREEZONE"**

Lift Off Corns! No Pain!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly has corn stops hurting, then shortly you lift it right off with fingers, truly!

Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to remove every hard corn, soft corn, of skin between the toes, and the calluses, without soreness or irritation.

About £1,500 has already been subscribed to the fund for erecting a memorial in Westminster Abbey to the late Lord Haldane. A Committee of fellows of the Royal Society, of which he was president, and members of the University of Cambridge, which he was Chancellor, is promoting the memorial, which will probably take the form of a mural tablet. The exact nature of the memorial is still under consideration.

Dr. and Mrs. Nash, of Lillooet, are guests of the Dominion Hotel.

## MRS. PANKHURST HAS RETURNED TO CITY

Accompanied by Three Adopted Daughters; Addressed 70,000 at Chautauqua

Mrs. Emmeline Pankhurst, the eminent lecturer and economist, returned to Victoria yesterday after an extensive Chautauqua tour of the West and is staying for the present at the James Bay Hotel. She is accompanied by her three little adopted daughters who have just come out from England to join her, and they expect to remain in Victoria for some time.

Mrs. Pankhurst was delighted with her experiences in Chautauqua, her recent tour being her first appearance on one of these popular circuits. It is estimated that she addressed seventy thousand people during the tour.

Those Dear Girls. She (rising from piano)—It needs tuning frequently. Her rival—'I'm sure, dear, it harmonized perfectly with your voice.'—Boston Transcript.

The largest nugget of gold ever discovered in 1868 at Sakers Hill, Ballarat, Australia. It weighed 2,317 oz. and was sold for \$10,500.

## PRESS DELEGATES AT RIDEAU HALL PARTY

Governor-General and Duchess of Devonshire Entertained at Garden Party

Government House, Ottawa, was on fête recently when their Excellencies the Duke and Duchess of Devonshire gave a garden party in honor of the delegates to the Imperial Press Conference. The afternoon was perfect and the customary gracious hospitality of the Governor-General and the chateleine of Rideau Hall made the party wonderfully pleasant in every detail.

Their Excellencies received in the Blue Room, the guests passing out to the lawn beyond where they were joined by the vic-regal hosts as soon as all comers had been announced. Rideau Hall grounds were at their best and many of the visitors walked about the gardens before tea was served. Tea was served in the ball room and it was not until after 6 o'clock that the guests departed.

Hon. Arthur Meighen, Mrs. Meighen, Sir Robert Borden and Lady Borden were present, and met a large number of the newspaper men with their wives. All the guests welcomed the opportunity of chatting with Canadian newspaper men, a number of whom were in the city for the conference. Lady Meighen, Lady Rachel Cavendish, Miss Sanders, Lord Charles Cavendish, Lord Richard Nevill, and the aide-de-camp, Captain Balfour, the Earl of Dalketh, Sir Patrick Kinaird and Captain Lloyd assisted their Excellencies in meeting the guests. Viscount Burnham, Lady Burnham, Lord Inley, Lord Atholstan and Lady Atholstan accompanied the Governor-General party.

On entering the guests were announced by Colonel the Hon. Harold Henderson.

Her Excellency looked lovely in a rich gown of black Chantilly lace with a black hat and black shoes, the whole enriched by two strings of pearls. Lady Rachel Cavendish was in white georgette, the skirt kilted and the blouse embroidered with black. Her hat was black with a black veil and a black hat with pink frilled Georgette and a leghorn hat. Miss Sanders' dress was pale grey Georgette with a grey hat and grey shoes. Lady Burnham wore a black and white costume with a black hat, and Lady Atholstan a lovely white Georgette combined with Valenciennes lace. Hon. Alice Gray wore a white dress with a pale green ribbon hat. Mrs. Meighen wore a black and white dress with a black hat. Lady Stramer, grey Georgette with a black hat. Lady Carr, black and white satin, white hat with osprey.

Centennial Methodist Church was beautifully decorated with sweet peas, Shasta daisies and ferns for the nuptials last night of Matilda Mackenzie Moncrieff-Mawer, daughter of Professor and Mrs. W. Moncrieff-Mawer, of St. John, N. B., and Victor Llewellyn Leigh, eldest son of Mr. and Mrs. J. Llewellyn Leigh, of 409 Dunedin Street, Victoria. The ceremony was performed by the Rev. J. L. Batty in the presence of a big congregation. The bride, who was given in marriage by Mr. Llewellyn Leigh in the absence of her parents, looked very pretty in her gown of white duchesse satin with gold embroidered net overskirt and embroidered veil. Her flowers were a bouquet of pale pink roses and maidenhair fern. The bridesmaid, Miss Edna Leigh, was in peach-colored satin with georgette overdress and hat of Pekin blue, and carried a shower bouquet of pink roses and carnations. The flower girl, little Miss Vera Beck, wore a white silk dress with lace ruffles and carried a basket of pink roses and carnations. The ring bearer, a young boy, carried the ring in a huge calla lily. Byron Leigh, brother of the bridegroom, was groomsmen.

During the ceremony Miss Kitty Tanner sang "Love's Coronation," and afterwards at the reception sang "Roses" with much charm and sweetness. A reception was held at the home of the bridegroom's parents, Mrs. Leigh receiving the guests in a handsome frock of amber-brown duchesse satin and hat en suite. A buffet supper was daintily served, a handsome five-tier cake occupying the centre of the table. The young couple were the recipients of many beautiful gifts.

The bridegroom's present to the bride was a chased gold bracelet, to the bridesmaid aquamarine and gold earrings, and to the best man a gold signet ring, and a bracelet to the flower girl.

Mr. and Mrs. Leigh left on a honeymoon trip to Alaska, the bride traveling in a suit of blue silverstone with toque of blue and black. They will later make their home in Victoria.

## SPENCER'S TO OPEN NEW GROCERIA

Saturday Will Be Opening Day; "Cash and Carry" System

To the already comprehensive list of departments in their magnificent store on View Street, Messrs. David Spencer, Ltd., have added another—that of a grocery store. The new department, which will be opened to the public for the first time on Saturday of this week, is situated in the basement, where it occupies about half of the immense floor space.

What appears to the observer to be miles of mahogany shelving has been erected, planned with a view to making the selection of goods by patrons as easy one, while spacious mahogany counters are arranged at various points of vantage. Adjoining the department are commodious store rooms where huge stocks are already stored in readiness for the opening. In connection with the grocery a fine refrigerator system has been installed, enabling the firm to make its own ice and thus helping to keep overhead costs down to the absolute minimum.

Cash and Carry. The grocery will be operated on the cash and carry system, a method which is becoming rapidly the vogue in all the larger American and Canadian stores. Under this system the huge overhead charges and delivery costs are eliminated, enabling goods to be sold at the minimum above cost to the benefit of the consumer. The adoption of the "Cash and Carry" system has been found by experience to be one of the biggest factors in lowering the high cost of food stuffs, and Messrs. Spencer are confident that their new department will prove a popular one with the public.

While it is intended to sell commodities at the lowest price possible, only the most dependable goods will be carried by the grocery. For the present groceries only will be carried, but it is the intention of the firm to later extend the department to include a delicatessen, as soon as the occasion warrants. With the addition of these new features, the Victoria store will be one of the finest equipped department stores on the Pacific coast.

Additional Salesstaff. In addition to the material benefit accruing directly to the public, the inauguration of the new department will have an economic value to the community in that its operation will necessitate the employment of an additional staff of about twenty sales-people.

## PRETTY WEDDING AT CENTENNIAL CHURCH

Marriage Last Night of V. Llewellyn Leigh and Miss Moncrieff-Mawer

Centennial Methodist Church was beautifully decorated with sweet peas, Shasta daisies and ferns for the nuptials last night of Matilda Mackenzie Moncrieff-Mawer, daughter of Professor and Mrs. W. Moncrieff-Mawer, of St. John, N. B., and Victor Llewellyn Leigh, eldest son of Mr. and Mrs. J. Llewellyn Leigh, of 409 Dunedin Street, Victoria. The ceremony was performed by the Rev. J. L. Batty in the presence of a big congregation. The bride, who was given in marriage by Mr. Llewellyn Leigh in the absence of her parents, looked very pretty in her gown of white duchesse satin with gold embroidered net overskirt and embroidered veil. Her flowers were a bouquet of pale pink roses and maidenhair fern. The bridesmaid, Miss Edna Leigh, was in peach-colored satin with georgette overdress and hat of Pekin blue, and carried a shower bouquet of pink roses and carnations. The flower girl, little Miss Vera Beck, wore a white silk dress with lace ruffles and carried a basket of pink roses and carnations. The ring bearer, a young boy, carried the ring in a huge calla lily. Byron Leigh, brother of the bridegroom, was groomsmen.

During the ceremony Miss Kitty Tanner sang "Love's Coronation," and afterwards at the reception sang "Roses" with much charm and sweetness. A reception was held at the home of the bridegroom's parents, Mrs. Leigh receiving the guests in a handsome frock of amber-brown duchesse satin and hat en suite. A buffet supper was daintily served, a handsome five-tier cake occupying the centre of the table. The young couple were the recipients of many beautiful gifts.

The bridegroom's present to the bride was a chased gold bracelet, to the bridesmaid aquamarine and gold earrings, and to the best man a gold signet ring, and a bracelet to the flower girl.

Mr. and Mrs. Leigh left on a honeymoon trip to Alaska, the bride traveling in a suit of blue silverstone with toque of blue and black. They will later make their home in Victoria.

## SHOE CONSERVATION.

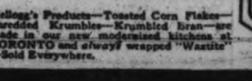

Shoes, more than many other articles of clothing, need to be thoroughly aired after wearing to prevent perspiration from rotting the lining. Keeping shoes on shoe trees or stuffed with paper when not in use preserves their original shape, and is especially necessary if the shoes have become wet.

Intense heat is likely to crack leather, therefore, wet shoes should never be dried under the stove or on a register or radiator. They should be dried slowly, and if possible rubbed from time to time to soften the leather. The best plan is to keep the shoes from getting wet by wearing rubbers.

### GET RID OF YOUR FAT

Thousands of others have gotten rid of theirs WITHOUT DIETING OR EXERCISING often at the rate of over a pound a day and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and personally select the treatment for each individual case, thus enabling me to choose remedies that will produce not only a loss of weight harmlessly, but which will also relieve you of all the troublesome symptoms of overweightness, such as shortness of breath, palpitation, indigestion, rheumatism, gout, asthma, kidney trouble and various other afflictions which often accompany overweightness.

My treatment will relieve that depressed, tired, sleepy feeling, giving you renewed energy and vigor, a result of the loss of your superfluous fat. You are not required to change in the slightest from your regular mode of living. There is no dieting or exercising. It is simple, easy and pleasant to take.

If you are overfat do not postpone, but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

### ESCAPED FROM STATION NOW TERM IS EXTENDED

Walter Fossett, who recently decided that confinement in the City Police Station was not to his liking, and left his portals before he had completed his two months' sentence for vagrancy, is once more in the toils, this time under sentence for an additional four months, for theft.

Needing money, wherewith to secure himself food, drugs and shelter, Fossett appropriated sundry garments belonging to J. Livingston and turned them over to a second-hand dealer. On being charged in the City Police Court with this offence and also with escaping from prison, he admitted everything and asked for leniency. Magistrate Jay added another month as penalty for leaving custody, this to run concurrently.

### ARTS COLLEGE

WILL OPEN ON  
SEPTEMBER 28

Details of Courses Offered At  
Victoria College Announced  
To-day

STUDENTS PREPARING  
FOR ARTS WORK HERE

Announcement of the date of opening, subjects to be taught, requirements of students and other details in connection with the inauguration of Victoria's newest educational institution was made this morning by E. B. Paul, Principal of Victoria College. A considerable number of students, Mr. Paul states, already have signified their intention of enrolling in the college and more are expected to do so when detailed information concerning the course is given out in the prospectus, which is to be published immediately. Preparations for the inauguration of college work at the High School, the Principal announces, are at an advanced stage and everything will be ready for the opening on September 28.

Of particular importance is Mr. Paul's announcement regarding partial students at the new college. It is not necessary, he states, for partial students to possess matriculation certificates, but they must satisfy the Principal that their previous study justifies them in pursuing college work.

In regard to fees to be paid by students, Mr. Paul states that the registration and class fee of \$40, which is similar to that charged in the British Columbia University, may be paid in two instalments, while partial students will be required to pay a registration fee of \$10 and a seasonal fee of \$10 for each subject studied.

The instructors in the college work, Mr. Paul announces, will lecture as follows: Edward B. Paul, M. A. (Aberdeen), Principal, Classics; E. Howard Russell, B. A. (Queen's), Registrar, Mathematics; Percy H. Elliott, M. C. (McGill), Science; Jeanette A. Cann, B. L. (Dalhousie), English and Philosophy; Mrs. E. Sanderson Mongin, French.

The academic year of 1920-21 will be made up as follows: Wednesday, September 15, 1920—Matriculation supplemental examinations begin. Supplemental examinations in arts begin. Tuesday, September 21, 1920—Last day for registration. Tuesday, September 28, 1920—Lectures begin. Friday, December 18, 1920—Last day of lectures for term. Tuesday, December 14, 1920—Examinations begin. Thursday, December 23, 1920—Examinations end.

Monday, January 18, 1921—Second term begins. Friday, April 15, 1921—Last day of lectures. June 29—Matriculation examination begins. Matriculation requirements are those of the University of B. C.

Supplemental Examinations. The dates on which supplemental examinations will be written, Mr. Paul announces as follows: Wednesday, September 15—History, English Literature, German Literature. Thursday, September 16—Latin Authors, Latin Grammar and Composition, Agriculture. Friday, September 17—French Literature, French Language. Saturday, September 18—Physics. Monday, September 20—Geometry, Chemistry, German Language. Tuesday, September 21—Algebra, English Composition, Botany, Greek. The Senior Matriculation supplemental examinations will be written as follows: Wednesday, September 15—English Literature, Physics. Thursday, September 16—Trigonometry, Latin Composition, Slight Roman History. Friday, September 17—Algebra, Latin. Saturday, September 18—Geometry, French Language, Greek Auth. Monday, September 20—French Literature, History. Tuesday, September 21—English Composition, Chemistry, Greek Grammar, Composition and History.

Registration. Monday, September 27, will be the last day of registration for all students, and lectures will commence on the following day. Students who fail to register on that day will be allowed to register within a limited period on payment of a fee of \$2. Students will be required to attend at least seven-eighths of the total number of lectures in each course. There will be three classes of students: Undergraduates—students who have passed the matriculation examination, and in the case of second year students, all the examinations of their course in the year previous to that in which they are registered; Partial students—comprising all those who, not belonging to one of the above classes, are taking a partial course of study. These students may attend any class without previous examination provided, of course, that they satisfy the Principal upon their qualifications.

Subjects Offered. Subjects offered in the college will be as follows: First year—1. English 1 and 2 and History 1. 2. Mathematics 1-2. Chemistry 1. Two of the following, one of which must be a language offered for Matriculation: Latin 1, Beginners' Greek, Greek 1, French 1, Chemistry 1. Second year—1. English 3, 4; 2. French 2; or Greek 1 or 2; or Latin 2. The language must have been taken in the first year. 3. One subject from each of three of the following groups: (a) Another language from II. If taken in the first year; (b) Chemistry 1, or a third language which must have been taken in the first year; (c) Physics 2; Philosophy 1; (d) Mathematics 2; (e) Economics (if possible in arrangement). Distinction Courses. First and second year. (a) Distinction Courses

### Not Every Girl Can Make Herself Pretty and Attractive

SOME WHOLESOME TRUTHS  
EVERY GIRL SHOULD  
THINK ABOUT

Probably you know just such a girl.

Perhaps she is sixteen—good to look at, and pretty—quite interesting because she reflects the graces and charm that give promise of happiness to herself and others. But she is not strong. The color in her cheeks, once so rosy, has faded away—her eyes are listless—the buoyancy of spirit and vigor she once possessed are sadly lacking. Parents, friends, this girl needs Ferrone—needs it that her blood may be renewed, that she may restore the nerve force that growth, study and the development of her fresh youth have exhausted. This girl will become a queen with Ferrone—which will restore her color, bring back her old-time energy—give brightness to her eyes and vivacity to her spirits. In Ferrone every girl finds strength—then she can do things. In Ferrone there is endurance—that drives away morning tiredness and languor. For the girl or woman that wants to be happy, healthy, winning—who values rosy cheeks, laughing eyes and abundant good spirits, nothing can compare with Ferrone. 50c. per box, or six for \$2.50. Get it to-day from any dealer in medicine, or by mail from—The Catarhzone Co., Kingston, Ont.

and attendance at Distinction Lectures shall be optional; (b) Examination results in each course shall be published in two lists, one for Pass Students, one for those in Distinction; (c) Distinction classes shall carry value to the extent of an additional one-fourth in the award. 1. Of general interest to the student are: (a) Of scholarships and prizes; (d) Students looking forward to an Honor Course are required (during the second year) to take Distinction in their proposed specialty or specialties. 2. A beginner's language course offered in the first year must be continued in the second.

In order that a student may proceed to the second year of his course, he must have completed his Matriculation, and have passed in all, or all but one, of the subjects of the preceding year, but may not continue in the second year in the subject in which he has failed to make good his standing, except in the cases of compulsory subjects in the second year. In order that a student may proceed to the third year, he must have completed his first, and have passed in all, or all but one, of the subjects of the preceding year, but he may not continue the subject in which he has failed to make good his standing. 3. Students wishing to proceed to a degree in Arts may take their third and fourth years in the University of British Columbia at Vancouver.

Students wishing to proceed to a degree in Applied Science must have completed the first year's Arts either at the University of British Columbia at Vancouver or at the Affiliated College at Victoria. A member of the College Faculty will be at the High School from ten o'clock to twelve o'clock in the mornings from September 9 to September 23, except on Saturdays and Sundays, to give out full information concerning the course.

### OBITUARY RECORD

The funeral took place yesterday at 2 p. m. from the B. C. Funeral Chapel of Ann Elizabeth Powell, who passed away on August 14. Service was conducted by the Rev. F. H. Fatt, and was largely attended, and many floral tributes covered the casket. The remains were laid to rest in Ross Bay Cemetery. The following acted as pallbearers: A. E. MacEachern, T. Cowan, R. W. Melton, T. Simmond, W. J. Pearce and J. Lusse.

The death occurred yesterday morning at Mount Edward Apartments of Miss Dean Agnes, the beloved daughter of Mr. and Mrs. William D. Carter, at the age of twenty-two years. The late Miss Carter was born at Richibucto, N. B., and came to Victoria with her parents about two years ago. She is survived by her parents, a sister in Victoria, also a sister, Mrs. (Dr.) H. W. Jackson, in Indianapolis. The remains are resting at the B. C. Funeral Chapel, whence the funeral will take place on Friday, at 3:30 p. m. Rev. E. A. P. Chadwick, of Ross Bay Cemetery.

His many former schoolchums in this city will learn with deepest regret of the death of Brian Alexander, son of Mr. and Mrs. Lorenzo Alexander, of South Turner Street, who died in Seattle, yesterday after a short illness, at the age of nineteen years. The young fellow is well-known in this city, having been a student at the University School, where he distinguished himself as an athlete prior to leaving for Seattle where he has been studying scientific work at the University of Washington. His death has cut short a promising career and the sympathy of a wide circle of friends will be extended to his parents. The remains will be brought to Victoria for interment.

Phone 1876. Blouses, Lingerie and Corsets. 1878. First Floor 1877, Bayward Building, Douglas Street

### TAHITI HAD FULL CABINS ON VOYAGE

#### Canadian-Australian Boat Brought 350 Passengers From South Seas

With a full list of passengers from Australia, New Zealand and Hawaii, the Canadian-Australian liner Tahiti, Captain David Todd, reached port last night, completing a fine passage from the South Seas. The through passengers on the liner included 100 first class, 108 second class and 143 in the steerage. Fifty-two people embarked on the liner at Honolulu.

Prominent among the travelers on the Tahiti was Hon. George Fowles, C. B. E., former Minister of Education in the Ward Government in New Zealand, accompanied by his two daughters, Charles G. Winslow, United States

vice-consul at Auckland, is en route to the United States on leave of absence.

Major N. Stewart Dawson, D. S. O., is a wealthy London business man, who is interested in a chain of jewelry stores. He is a R. A. F. man, and won the Distinguished Service Order for service in Russia, and many other decorations.

Col. H. C. Taylor-Young is a world war veteran, who served in the medical corps. He is accompanied by his wife, Miss Ethel Blanchard-Knight, on the staff of The Sydney Sunday News, proposes to write a series of articles on American irrigation projects.

Mrs. W. Burrows and daughter have been touring Australia and New Zealand, and are now returning to their home in London. J. Russell, an American magazine writer and novelist, is returning home from a tour of Australasia, where he has been seeking copy.

J. Wray, Australian manager for the "International Correspondence Schools, is en route to Scranton, Pa., for a conference of I. C. S. branch managers from every part of the world. J. G. Smith, New Zealand, manager for the I. C. S., is with Mr. Wray, and will attend the gathering in Pennsylvania.

Among those boarding the Tahiti at

## SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

### GOLD MEDAL HARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. At all druggists, 50c. a box. Look for the name Gold Medal on every box and guard against imitations.

Honolulu were: John Waterhouse, Mrs. Waterhouse and family, Ernest H. Wodehouse, Mrs. A. M. Hatch, Christian Science practitioner; F. W. Eggleston, who has been connected with the Davies' Company, of Honolulu, and Hon. M. W. Elphinstone, brother of Baron Elphinstone, who has been on a visit to British North Borneo.

Father Rougier, the Catholic priest of Christmas Island fame, was expected to travel by the Tahiti, but is traveling by another route. Sir Ronald Munro-Ferguson, former Governor-General of Australia, and Lady Munro-Ferguson, were also expected to be on the liner, but failed to make connections in the South.

The Tahiti had a very good passage from the Antipodes. On her last outward trip from this port the ship was delayed two days at Auckland because the stevedores refused to work in the rain.

The Tahiti brought 2,000 tons of Australasian freight, including 700 tons of frozen mutton. She cleared at 4.30 o'clock last night for Vancouver.

### CZECHO-SLOVAKIA HAS MERCHANT MARINE

#### Two Large Japanese Ships Purchased and Others Contemplated

Czecho-Slovakia has bought two large Japanese steamers, the Taikai Maru, 8,000 tons, of the Uchida Kisen Kaisha, and the Shunko Maru, 14,000 tons, of the Goko Shokai. Both are new ships, and their price is \$115. The price shows a great drop when compared with the \$300 at which ships changed hands in about August of 1918, or shortly before the conclusion of the armistice which marked the transition from war to peace conditions in shipping in Japan.

The Shunko Maru was originally ordered from a certain shipyard in Japan at \$350 per ton, but there was some trouble in regard to delivery, and it is not believed that the original price was paid in full. It is reported that the Czecho-Slovak Government contemplates buying a few other ships of large type.

Shark skin is so hard that after exposure to the air it can be ground to powder and used in place of diamond dust for polishing diamonds.

Every 10c Packet of WILSON'S FLY PADS WILL KILL MORE FLIES THAN 50c WORTH OF ANY STICKY FLY CATCHER

Clean to handle. Sold by all Druggists, Grocers and General Stores

## OPPOSE RENEWAL OF ANGLIO-JAPANESE PACT

#### Sir Beilby Alston Bearer of Protest From Chinese to British Government

Sir Beilby Alston, British minister to China, who reached here from the Orient by the Empress, of Russia July 19, on his way to England on a liner, carried with him a protest addressed to the British Government, and signed by many of the most influential organizations in China, against the renewal of the Anglo-Japanese alliance.

The opposition against the alliance is based on the fact that the menace which first caused it to be made no longer exists; that the objects of the alliance have been so frequently violated by Japan as to be a source of embarrassment to Great Britain; and that only Great Britain to share in the deep-rooted distrust which the Chinese now feel for Japan.

The protest, which is signed by the following influential organizations: The Educational Association of Kiangsu province; the Shanghai City Chamber of Commerce; the Chinese Bankers' Association; the Shanghai Educational Association; the Shanghai Fire Brigade Association; the Western Returned Students' Union; the World's Chinese Students' Federation; the Overseas Federation; the Chinese Christian Union; the National Association of Vocational Education in China, and many other organizations.

Summary of Protest. With the formal ratification by China of the Austrian treaty, which she signed with the Allied powers on the one hand and Austria on the other, we became a full member of the League of Nations. A renewal of the Anglo-Japanese alliance under the existing or similar terms, taken with the previous interpretation of the alliance in practice, will cause China to suspect that when China takes an appeal to the League of Nations for redress of her grievances Great Britain will be found to have a secret agreement with Japan prejudicial to China's case. This has been amply borne out by the private agreement made between Great Britain and Japan on February 16, 1917, which was one of the chief factors, if not the chief factor, in deciding the Shantung question in favor of China. China was obliged to refrain from signing the German treaty as a protest against the injustice of the Shantung settlement. We would wish to see that Great Britain will make no further entangling alliances which might tie her hands again on questions brought by China before the League of Nations.

In presenting this memorandum to the British Government we merely voice the sentiment of the Chinese people, and our humble opinion on the changed conditions in the world today do not call for any renewal of the Anglo-Japanese alliance. The motives of the Chinese people, who are concerned, do not exist today. The aggressive and imperialistic policy of Russia and Germany, passed on to Great Britain, is no further menace from any other power. The violation of the objects of the Alliance by Japan has seriously embarrassed Great Britain. The renewal of the alliance at least under the existing or similar terms, tends only to irritate China on the one hand and to cause Great Britain to share the distrust of the Chinese people, so widely and deeply entertained towards Japan on the other. China from this time on desires and means to exercise full and complete rights and diplomatic independence in her international relationships. The renewal of the alliance will only cause the Chinese people to suspect that Great Britain has other motives, as the League of Nations covenant fully covers the ground of the alliance, and China is a member of the League.

While the R.M.S. Empress of Japan docked at the Outer Wharves last night, outbound for the Orient, some 100 Baptist missionaries, on their way to China, regaled the time of waiting with singing hymns, much to the astonishment of the longshoremen about the freight sheds.

The Empress took on 215 bags of American mail here but no Canadian mail was taken on. The American mail is being carried at the rate of thirty-five cents a pound.

### MISSIONARIES SING AS SHIP WAITS HERE

### MAQUINNA IN AFTER AN UNEVENTFUL TRIP

After an uneventful trip, the Princess Maquinna arrived in port last night from the West Coast. Captain Gillian reported that the prevailing high winds, though keeping the small fishing boats along the Coast in safe harbor, did not worry the Maquinna at all.

Pilchards are now running well in Barclay Sound, persons traveling on the Maquinna reported, and at other fishing is improving. Were it not for the recent rough weather, indeed, the boats would be making good hauls every day.

Local Notice to Mariners. Mariners are herewith notified that the combined gas and bell buoy situated off Grasp Reef, the North end of Active Pass, Strait of Georgia, is reported missing from its station. This buoy will be replaced as soon as possible.

## JAPANESE SEAMEN RECEIVE LESS WAGES

#### Abundance of Experienced Seafaring Men Make Competition Serious

A decline in the price paid men who navigate Japanese ships is forecasted by the Japanese government, according to exchanges to hand from the Orient. The fact that there are already more men on the ships than are needed, and also that many older and more experienced marine officers who left their ships during the war boom are now anxious to return to the seafaring profession, and it is said that such men are now secretly trying to get work at wages 30 or 50 per cent. lower than the present wages of those in service. The lack of employment on land due to the financial slump has also increased the supply of marine labor.

With the lowering of the standard of qualification the Government found no trouble in getting a large number of men to operate the ships, but it was not long before the shipping depression came and the demand for skipper qualifications was decreased. The great factors in the decrease in the demand for seamen is the depression and its consequent slump in ship-building. A number of ships are idle as a result of the lack of cargo, while the decrease in the number of new ships has reduced the demand for seamen. Moreover, those who temporarily abandoned seafaring during the war boom are now anxious to return to the seafaring profession, and it is said that such men are now secretly trying to get work at wages 30 or 50 per cent. lower than the present wages of those in service. The lack of employment on land due to the financial slump has also increased the supply of marine labor.

### WANT RESTORER BACK AT ESQUIMALT

#### G.W.V.A. Would Secure Cableship As In Pre-War Days

The G. W. V. A., at the meeting last evening, decided that a committee of three should be chosen to lay the case of the cableship Restorer before the Minister of Marine and Fisheries when he arrives here next Monday.

Comrade Axon, who is thoroughly acquainted with nautical matters, brought up the suggestion, remarking that an effort should be made to have the ship stationed here, as she formerly was, the result being that a payroll of \$50,000 per annum was lost to the city when she was removed to the Sound.

### MANY DELEGATES LEAVING FOR TOKYO

#### Another Large Party Will Sail on Kotori Maru For Orient

Fifty-eight delegates to the great world's Sunday School convention at Tokyo will leave on the Kotori Maru, which is due to get away for the Orient from Seattle via Victoria on Saturday. Other passengers who have booked include Baron and Baroness J. Ichimoto, bound for Tokyo; Paul Du Bois, French consul in Tientsin, China, bound for his post of duty, and W. H. McKwan, secretary-treasurer of the Seattle Cedar Lumber Manufacturing Company, wife and daughter, bound for China. Altogether there will be over 300 passengers to depart.

The Kotori will also be a full ship with regard to her cargo capacity.

## OLIL FUEL SYSTEM WAS SATISFACTORY

#### Captain D. Todd, Master of Tahiti, Pleased With Installation

"Everything worked very smoothly," said Captain David Todd, commander of the Canadian-Australasian liner Tahiti when asked last night how his ship handled with oil-burners.

When the Tahiti sailed from this port on her last outward voyage she had just been equipped with an oil installation, preceding the liner Makura at the outfitting berth at San Francisco. Some slight adjustments were necessary before the Tahiti sailed from Victoria on her southern trip, the work being promptly performed by Yarrow, Ltd.

"We experienced no trouble throughout the voyage," added Captain Todd. "I am very well satisfied with the manner in which she behaved under the new system."

The Tahiti averaged fifteen knots on the way up, which is a better average than she was able to do before she was converted. The trip from Auckland occupied sixteen days, the same time that it takes the liner Niagara to cover the distance.

The Tahiti will make another inward call at this port, Captain Todd states, as she has to make another round voyage in the service.

The liner Makura, which is now at San Francisco converting to oil, will not be ready to resume before the latter part of October. When the Makura comes back the Tahiti will return to the San Francisco-Sydney service.

### TO LAUNCH GRIFFO FOR ORE CARRYING

Seattle, Aug. 15.—At 7 o'clock tonight the new steel ore and freight carrier built for the Pacific Steamship and Barge Company, will be launched from the ways at the shipbuilding plant of J. P. Duthie & Co.

The Griffio is of a special design and when commissioned she will be operated in the ore carrying and towing trade between Alaska, British Columbia and other Pacific Coast points. The vessel was contracted for in behalf of the Coastwise Steamship and Barge Company by Capt. James Griffiths, of James Griffiths & Sons, who is also the active head of the owning company. Mrs. Albert V. Griffiths, wife of a son of Capt. Griffiths, has been chosen to sponsor the new craft. The new ship is of steel construction, and is rated as A-1 in Lloyd's register. She will be ready for operation early in September. A sister ship to be christened Griffdu, combination of the names of the operating company and the shipbuilding concern, will be launched at the Duthie plant in a few weeks.

### BRIEF LOCALS

**Fireman's Dance.**—The Fireman's dance, on account of the floor being sanded and repolished will be cancelled for Thursday evening only.

**Comrades to Meet.**—A general meeting of the Comrades of the Great War will be held in the Club Rooms at eight o'clock Friday evening.

**Fire in Pantages.**—Fire, caused by the overheating of a motion picture film, caused some excitement in the Pantages last night. The rising heat in the building set the sprinkler system working, but practically no damage was done.

**Meet on Cemetery Scheme.**—Representatives of the City, Saanich, Oak Bay and Esquimalt will meet Hon. J. W. de B. Farris, Attorney-General, on the cemetery question tomorrow. It is hoped by the representatives that Mr. Farris will approve the scheme for a joint cemetery as proposed by the municipalities.

**Island Princess on New Time.**—The Island Princess will leave Victoria at seven o'clock on Friday, instead of eight o'clock as usual. She will make the trip to Nanaimo and back returning on the same day, thus combining the Thursday's and Friday's trip in one.

**Wireless Inspector Here.**—J. A. Thompson, chief engineer of the Dominion Radio Telegraph Service, registered at the Empress Hotel yesterday completing an extensive investigation into the work and capabilities of the coast wireless stations. The inspecting party consisted of Messrs. J. A. Thompson, the S.S. Malaspina, being accompanied by Superintendent E. Haughton, of the B.C. stations. Mr. Thompson declined to discuss the nature of the report which he intends to make.

**Occupied Whole Road.**—In the Provincial Police Court yesterday afternoon, Arthur Irvine, of 632 Montreal Street, a truck driver for Mrs. K. Cameron, was charged by Kendall Johnson, of Yakima, Washington, with failing to keep well to the left when driving over the Malahat, thereby causing the car driven by the prosecutor to be crowded over the edge of the bank. Mr. Johnson is a visitor on the island with a party of friends, and his car was badly smashed by the accident, though none of the passengers were injured by the spill. Evidence was yesterday given by Mr. and Mrs. Dietze, of Yakima, who were with Mr. Johnson at the time of the accident, and the case was adjourned until August 24.

### POULTRY TESTING PROVED SUCCESS

Demonstration Attracted Over 100 Persons to Willows Last Evening

Over one hundred and twenty poultry enthusiasts, including about a score of ladies, assembled in the exhibition grounds, at Willows Park, last evening, to take part in a culling competition, organized by the Poultry Division of the Provincial Department of Agriculture.

Minimum For Profit.

Before the audience started to judge the birds, nine in number, suitably cooped, Mr. Terry, chief poultry instructor, spoke of the necessity of regular intelligent culling and weeding out of the droppings of the poultry flock, if profitable results were desired. At present egg and feed prices he showed that birds of the Mediterranean breeds needed to lay at least six and a half dozen eggs in a year to pay feed costs alone, and such breeds as Wyandottes, Orpingtons, Reds and Rocks must produce at least seven dozen.

After explaining the various methods adopted by breeders to enable them to pick out the indifferent layers, a large number of those present then tried their skill at judging the birds.

Exhibited Trap Nest.

While judging proceeded, Mr. Terry exhibited a trap-nest similar to those in use at the Egg Laying Contest now being held. Each of the 249 birds is leg-banded, the metal ring for this purpose being stamped with a separate number. In entering the nest the fowl touches the trap, which immediately tips over. The bird is released after laying. All eggs are numbered with red ink and placed in a pen, and recorded on tally sheets in each pen. The trap used at the Willows is known as the "Morgan trap nest" and had been found more accurate than others. It is interesting to note that a fowl owned by J. Dougan, of Cobble Hill, was the first to lay 200 eggs this year. This feat was accomplished between October 5 and August 5, exactly ten months.

After the contestants had finished judging, complete records were produced of each bird's performance and not a few of the judges were found to be away off in their guessing. For instance, a hen that had laid over sixteen dozen eggs in ten months was adjudged by a well known breeder to be a very poor layer, and a hen that had only laid nineteen eggs was chosen as an excellent layer.

Looks Sometimes Misleading.

A Leghorn hen that caused much comment, and which only found one champion among the large crowd of breeders present, was found to be molting, had a dry shrivelled comb, very close pelvic bones, and practically no abdominal capacity. Yet this bird had laid six eggs since August 12. As was pointed out since previous exceptions to every rule, and the only real safe guide in selection was by use of the trap nest. The expert was careful to mention that the traps would have to be attended to every hour from 5 a.m. till 1 p.m., and every two hours from then on till 5 p.m., 365 days during the year. About 90 per cent. of those starting to trap, quit after about a couple of months.

The Utah Method.

The Utah method of selecting layers was explained. This consisted of handling each bird every morning—i.e., in "Summer" and "Fall" in Winter. Expert handlers could tell the layers with almost as much accuracy as by trap nesting. An impromptu meeting took place after the contest, and various matters dealing with poultry were discussed. H. Nash, of the Federal Department Poultry Record of Performance Division, addressed the meeting with reference to the im-

### POULTRY TESTING PROVED SUCCESS

Demonstration Attracted Over 100 Persons to Willows Last Evening

Over one hundred and twenty poultry enthusiasts, including about a score of ladies, assembled in the exhibition grounds, at Willows Park, last evening, to take part in a culling competition, organized by the Poultry Division of the Provincial Department of Agriculture.

Minimum For Profit.

Before the audience started to judge the birds, nine in number, suitably cooped, Mr. Terry, chief poultry instructor, spoke of the necessity of regular intelligent culling and weeding out of the droppings of the poultry flock, if profitable results were desired. At present egg and feed prices he showed that birds of the Mediterranean breeds needed to lay at least six and a half dozen eggs in a year to pay feed costs alone, and such breeds as Wyandottes, Orpingtons, Reds and Rocks must produce at least seven dozen.

After explaining the various methods adopted by breeders to enable them to pick out the indifferent layers, a large number of those present then tried their skill at judging the birds.

Exhibited Trap Nest.

While judging proceeded, Mr. Terry exhibited a trap-nest similar to those in use at the Egg Laying Contest now being held. Each of the 249 birds is leg-banded, the metal ring for this purpose being stamped with a separate number. In entering the nest the fowl touches the trap, which immediately tips over. The bird is released after laying. All eggs are numbered with red ink and placed in a pen, and recorded on tally sheets in each pen. The trap used at the Willows is known as the "Morgan trap nest" and had been found more accurate than others. It is interesting to note that a fowl owned by J. Dougan, of Cobble Hill, was the first to lay 200 eggs this year. This feat was accomplished between October 5 and August 5, exactly ten months.

After the contestants had finished judging, complete records were produced of each bird's performance and not a few of the judges were found to be away off in their guessing. For instance, a hen that had laid over sixteen dozen eggs in ten months was adjudged by a well known breeder to be a very poor layer, and a hen that had only laid nineteen eggs was chosen as an excellent layer.

### GALA DAY FOR BOYS IN CAMP

Gubernatorial Inspection, Is Followed by Luncheon At Boys' Naval Camp

Honored by the Lieutenant-Governor and members of the Cabinet, the Boys' Naval Brigade camp at Selkirk Water was this afternoon the centre of attraction for a number of prominent citizens, who lunched with the officers of the camp and members of the Provincial Executive of the Navy League of Canada, who had held a meeting earlier in the day.

The boys were inspected prior to the luncheon, and later Col. Prior was shown round the camp, and had an opportunity to see the boys in their drill.

Those invited included Hon. John Oliver, Hon. T. D. Pattullo, Hon. John Hart, Mr. and Mrs. Dean (the former is vice-president of the Provincial Division Navy League), A. C. Flumcroft, chairman of the executive committee; Messrs. Mankel and E. Goulet, of New Westminster; Messrs. Marshall and Daykin, of Nanaimo; Colonel Eardley Wilmore, Cowichan; Mr. Moneybags, of Trail; and members of the Victoria executive, H. T. Ravenhill, Brig.-Gen. Clark, A. D. Crease, Geo. G. Bushby, Mrs. Curtis Sampson, Mrs. Morner, Appleby, Mr. Neroutos, and others.

On Thursday Commander Slingsby will inspect the camp, and on Friday Brig.-Gen. Ross, G.O.C., is expected to visit the boys.

### JAMMING AND CANNING PLANT STARTED AT ERRINGTON.

The beginning of what may prove to be an industry of importance on Vancouver Island, had its birth this Spring when the Errington Farmers' Produce Association was incorporated. A modest jamming and canning plant to preserve fruits and vegetables grown by the settlers in the vicinity of Errington, has been installed and already about a ton of the finest strawberry, blackberry, loganberry and other jams have been put up. The district about Errington, near Parkville, is well suited to fruit growing and poultry raising. Land can be purchased in small blocks from the Vancouver Island Fruit Lands Limited, at \$40 per acre on terms of \$8 per acre cash and the balance in four equal annual payments.

Many are taking advantage of this attractive offer either for immediate or future settlement in the District.

Full particulars may be had from the Vancouver Island Fruit Lands Limited, Belmont House, Victoria, B. C.

### DOCTORS HAVE MOVIES

Physicians and surgeons, members of the Victoria Medical Society, last night had their first professional moving picture show in the Y. M. C. A., accompanying the lecture given them by Dr. S. G. Gant, formerly professor of the Post Graduate Hospital, of New York City.

The moving pictures illustrated intricate feats of surgery and some of the newest surgical "stunts" that have been astounding the world and scientists. Doctors remained until after 11 o'clock to see and hear all that was retailed to them.

### FOUND COAL YARD BUSY

The Premier, recently, however, happened to make a trip of inspection to the Reserve and found that men were sacking and screening this coal there and using the Reserve as a general shipping yard.

After what he saw going on, the Premier ordered these coal "storage" privileges cancelled at once.

"Unfair Competition."

In the statement issued to-day the Premier says:

"My attention has been directed to a statement appearing in The Victoria Daily Times of the 17th inst., alleged to have been made by C. G. Gadsden to the effect that privileges granted to the Co-operative Society by the Provincial Government on the former Songhees Reserve had been cancelled at the instance of Mr. Joshua Kingham. Mr. Kingham called at my office and represented that the privilege of free sites for retail coal yards on the former Songhees Reserve subjected other coal dealers to unfair competition. With the permission taken by Mr. Kingham I agreed, but as I was not aware that the Government was affording such free sites, I caused enquiries to be made and that representations were made to the Railway Department in November, 1919, to the effect that if coal was allowed to be stored temporarily on the Reserve it might be a public benefit in the event of a scarcity of fuel resulting during the winter period.

Not For Retail Yards.

"At no time was it ever intended by the Government that retail coal yards should be operated upon the sites so granted. No application for storage facilities was ever received from the Co-operative Society, nor was any privilege granted to them. In fact, until my attention was drawn to Capt. Gadsden's statement I knew nothing of the Co-operative Society in connection with this matter."

Gives Details.

Along with the foregoing statement the Premier handed out copies of all the correspondence which he will to the "storage" cancellation.

This correspondence shows that on November 19, 1919, the Kirk Co. Ltd., through A. M. Kirk, applied to the Chief Engineer of the Department of Railways for permission to erect a temporary shed alongside of the E. & N. Railway siding on the old Indian Reserve and opposite the Foundation Company's Point Ellice Yard.

"This permission was granted by the Chief Engineer 'subject to removal on twenty-four hours' notice from this Department."

On March 26, R. N. Ferguson was used to conduct a general coal yard, and he instructed the Chief Engineer to advise both parties that such permission is cancelled as from July 31, 1920.

In reply to this order, A. M. Kirk on July 20 wrote A. F. Proctor, Chief Engineer, as follows:

"Your instructions as to removing temporary shed on Songhees Reserve will be carried out by us."

"For the sake of our reputation we wish to mention that we are not the parties referred to in a news article in The Daily Colonist of the 17th instant. We have our wharves in the city and the shed mentioned above was only used as a convenience in unloading cars. This is what was promised the Department of Railways when they gave us the permission to use on November 20."

## "His Master's Voice"

(Red Seal)

### Records at Reduced Prices

Several months ago "His Master's Voice" Records by the world's most celebrated artists were reduced considerably in price. We bring this fact to your attention once more and present a list of a few of these splendid records showing both old and new prices.

	Old Price	New Price
89125 Ave Maria—Frances Alda	\$2.50	\$2.00
89066 Elegie—Caruso	\$3.50	\$2.00
88308 Last Rose of Summer—Tetrazini	\$3.50	\$2.00

## Are You Sinking Into the Rut of Ill-Health Because Your Blood Is Starving For Iron?

Physician Explains Why Modern Methods of Living Sap the Iron From The Blood and Why So Many Men and Women Are Benefited By The Strength-Giving, Up-Building Effect of Organic Iron like

### NUXATED IRON

Many a man or woman is wearily trudging along the road of life steadily becoming more weakened and run-down simply because their blood is getting thin, pale and watery—starving for a want of strength-giving iron. At any moment they run the risk of sinking into the Rut of Ill-Health, and by not building up their physical condition in time they often sentence themselves to a lifetime of misery and regrets.

"Without iron there can be no strong, sturdy men or healthy, beautiful women," says Dr. Ferdinand King, New York Physician and Medical Author, in commenting upon how the strain of modern methods of living sap the iron from the blood and break down the health and strength.

Seldom do you find a weakling in a place of real power. The men who reach the top in business are those who do not neglect their physical or mental development. The women who come to the front in commercial or social life, and the ones who are most successful in the home are those who realize the value of health.

"You can look around and see any number of men and women who tell you that every one of them is possessed of rich, red blood—the kind with plenty of iron in it to build strength and energy. Yet there are thousands of people who are weak, nervous and run-down for the lack of iron and do not know what to take. In cases of this kind, I always prescribe organic iron like Nuxated Iron for it and that by enriching the blood and creating new red blood cells, it helps strengthen the nerves, rebuild the weakened tissues and give renewed energy to the whole body. Through my own tests of Nuxated Iron I am convinced it is one of the best strength and blood builders any physician can prescribe."

Among other physicians to comment on the need of rich, red blood to increase the power and endurance of weakened, run-down men and women, is Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-door Dept.), N. Y., and the Westchester County Hospital, who says: "There is little doubt, in my opinion, that many men and women would be stronger, more energetic and vigorous in body and mind, and therefore more successful in life, if they would only enrich their blood with organic iron and thus fortify and invigorate their whole system."

"There can be no success or happiness without the rich, red blood—full of iron—that always goes with health. Wherever you go you can tell the fellows with iron in their blood; they are the strong, vigorous, dominant, successful ones brimming over with Life and Energy. In my opinion, the best way to build up the strength and endurance is to take organic iron—Nuxated Iron. I have prescribed it with remarkable results and in many instances it has increased the strength and endurance in two weeks' time. I cannot recommend it too highly for men or women who are weak, nervous and run-down."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work without feeling tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Test your strength again and see how much you have gained.

It is not a secret remedy but one which is well known to doctors everywhere. Unlike the other iron pills, it does not cause the toxic, sickening, and dangerous effects of the cheap, low-grade iron pills. Each tablet of genuine Nuxated Iron is covered with a protective coating of wood, which is not dissolved until the iron reaches the stomach. The coating is not broken down until the iron reaches the stomach, where it is absorbed into the blood stream, and thus builds up your strength and health.

## Footballers' Field Day Arouses Much Interest

### Five-a-Side Soccer Competition Is Attracting Many Up-Island As Well As Local Teams; Will Be First Event of Its Kind Held in Victoria.

Entries close to-night for the field day to be held on Saturday afternoon at the Royal Athletic Park by the Victoria and District Football Association. A flock of entries has already been received from local and up-island athletes and it is expected that this field day, which is the first of its kind ever held by the soccer body, will be a great success. Much interest is being taken in the five-a-side football game, and entries for this have been received from several Victoria teams, while the Nanaimo, Cumberland, Ladysmith and several other up-island teams plan to enter.

The executive of the association is asked to meet at the United Services Club, Fort Street, to-morrow evening at 7.30 o'clock to arrange final details in connection with the meet. The prizes for the various events have been allotted and will provide a fitting reward for the services of the athletes.

#### Hope For Success.

"I confidently expect that the first Field Day ever held by the Victoria and District Football Association will be a wonderful success, and we are looking for a large turnout," said one of the soccer officials this morning. "This will be a fine start for the football season, and will create a new interest in the sport. We are looking for a large attendance, and assure everyone that they will be treated to a fine afternoon's sport."

The five-a-side soccer competition is arousing considerable interest. Handsome checks are to be presented to each member of the winning team, and cigarette cases will go to the runners-up.

#### The Programme.

The programme will be as follows: 1. Five-a-side football, first round, seven minutes to be played each way and corners to count. 2. 100 yards, open. 3. 200 yards, open. 4. Five-a-side football, second round. 5. 100 yards, confined to registered football players; the first prize for this event will be the cup donated by the Commodore. 6. Half-mile race, open to returned sailors' and soldiers' organizations.

## Chapman Played to Give Cleveland First Pennant

Cleveland, Ohio, Aug. 18.—Hundreds of admirers and friends of Ray Chapman gathered at the Union Depot to-day to meet the body of the Cleveland shortstop, who died in New York yesterday. Among those accompanying the body were Chapman's widowed bride, Manager Tris Speaker, and Joe Wood, of the Cleveland team.

It was Chapman's eagerness to aid in giving his city its first pennant that indirectly resulted in his death. When he married Miss Kathleen Daly, one of Cleveland's best known society women, last October, he was asked if he would retire from the game and devote his time to business in which he had acquired an interest.

#### Out For Pennant.

"I'll play next year, for I want to help give Tris Speaker and the Cleveland fans the first pennant Cleveland has ever had," Chapman replied. "Then I will talk quitting."

Speaker of the Cleveland club, talking with Col. Huston, part owner of the Yankees, said the accident was unavoidable.

"I do not hold Mays responsible," he added. "I have been active in discouraging my players, from holding Mays responsible, and in respect to Chapman's memory as well as for the good of baseball I hope all talk of this kind will stop. I can realize Mays feels as deeply as any man could; and I do not want to add to his burden. I do not know what prompted the action of the Boston and Detroit players. For my part I think it is deplorable."

#### Had Rough Spot.

Boston, Aug. 18.—The explanation by Carl Mays, of the New York American, that the killing of Ray Chapman, star shortstop of Cleveland, was due to a rough spot on the ball Mays pitched was said to make an unexpected twist was the subject of a statement to-day by Empire William Evans and William Dineen of the American League.

"No pitcher in the American League resorted to trickery more than Carl Mays in attempting to roughen a ball in order to get a break on it, which would make it more difficult to hit," the statement said. "Until the new pitching rules came into force, which put a severe penalty on a pitcher roughing the ball, Mays constantly used to drag the ball across the pitching rubber in order to roughen the surface. Hundreds of balls were thrown out every year because of this act."

## SIX ERRORS GIVE GAME TO SPOKANE

### Capitals Give Beautiful Booting Exhibition and Indians Win 7-3

Spokane, 7; Victoria, 3.

Victoria's league leaders looked like a bunch of bushers over in Spokane yesterday, making a nice sequel to the final game here with Yakima. Yesterday it was not so much the hard hitting of the Indians as the terrible fielding of the Capitals which paved the way for an easy victory.

Manager Leard was responsible for three miscues, nearly as many as he has made during the whole season. Three other players cut in with blunders, making a grand total of six errors. Coupled with these the Indians rapped Cy Young's offerings for eleven safe blows.

Tacoma won yesterday's game against Yakima, and crawled up to within two points of Victoria. Two important series are on this week, Tacoma and Yakima should break even in their series while on the season's play, Victoria should take four out of seven games from Spokane. Next week Victoria will play Seattle and a clean sweep of this series may land them the pennant. The following week the Capitals will meet the Fruit-pickers, and this will provide splendid finish to the race.

#### The Box Score.

The box score in yesterday's game follows:

	Victoria	AB	R	H	PO	A	E
Elliott, ss.	4	0	0	4	3	1	0
Church, 3b.	4	0	0	0	0	0	0
Leard, c.	5	0	0	4	2	0	0

#### Tigers Beat Yaks.

Tacoma, Aug. 18.—Tacoma found Dave Williams for five hits and five runs in less than two innings yesterday and won from Yakima 6-4. Hill relieved Williams and pitched good ball. Edwards tossed a steady game for the winners.

At Tacoma— R. H. E.  
Williams ..... 4 10 2  
Tacoma ..... 6 10 1  
Batteries—Williams, Hill and Cadman; Edwards and Stevens.

At Vancouver— R. H. E.  
Seattle ..... 0 2 0  
Vancouver ..... 0 2 0  
Batteries—Fisher and Bozic; Johnson and Hinkley.

## Thomson Wins Great Race With New World's Record

### Canadian Athlete Beat Field of World's Best Runners In 110-Metre Hurdles; Beat His Rival, Barron, of U. S. Team By Two and One-Half Yards; Was In Superb Form.

Antwerp, Aug. 18.—The six best hurdlers of the Olympic meet got away to a perfect start in the final heat of the 110-metres hurdles to-day. For the first fifty yards, Earl Thomson, Prince Albert, Sask.; H. E. Barron, of Philadelphia, and Fred S. Murray, New York A. C., were taking the hurdles abreast.

At this point Thomson began to draw away with a perfect gliding stride and continued gaining to the tape, which he broke in 14.45 seconds, smashing the world's record of 15 seconds made by the American, F. C. Smithson, in the London Olympic of 1908.

#### Senior Fours Race For Lewis Hall Cup

Handsome Cup To Be At Stake At Shawnigan Lake Regatta on Saturday

The final of the shotput was won to-day by Perkola; Finland, who put the sixteen pound shot 14.81 metres. Niklander, Finland, was second, 14.54; The Liverdes, United States navy, third, 14.15; E. J. McDonald, New York A.C., fourth, 14.08; Nilsson, Sweden, fifth, 13.87; Jammer, Estonia, sixth, 13.59.

#### Runners Collaps.

The most sensational performance yesterday was that of the high-milers in the 800 metres final, which A. G. Hill, England, won by a yard, due partly to the fact that Eby was washing his expected-winner-of-the-race, R. G. D. Rudd, of South Africa, United States navy, third, 14.15; E. J. McDonald, New York A.C., fourth, 14.08; Nilsson, Sweden, fifth, 13.87; Jammer, Estonia, sixth, 13.59.

#### Win For Frenchman.

The 5,000-metre Olympic run yesterday proved another victory for Guttentag, the great French distance runner, who won by 60 yards over Nurmi, of Finland.

Hackman, of Sweden, was beaten 27 yards by Nurmi, and Koskenlehto, of Finland, finished fourth. Dresser, the last American to stay in the race, dropped out in the tenth lap.

Will there be a new world hero come forth from the 1920 Olympic meet? Since 1896, with the revival of the modern Olympiad, some hero has jumped into the superman classification in each world meet.

Each is wild and undisciplined and fettered for a time. Then another comes and the first are forgotten.

Probably none ever stood out more prominently than did that great Indian, Jim Thorpe. Although they took away his medals on charges of professionalism soon after, yet they could not take away his marvelous records.

#### Turf Trainer Dies.

Montreal, Aug. 18.—Harry Shannon, one of the veteran trainers of the American turf, died last night at the Montreal General Hospital.

#### G. W. V. A. Special General Meeting

To-morrow Evening at 8 Thursday, August 19th

Provincial President T. M. Harnett, Provincial Secretary W. Drinnan will address the meeting on matters of vital importance to the returned men. All members should be present.

#### Records.

Here are the track and field world's records which athletes of all nations are trying to break at the Olympic Games:

100 metres	10.6 seconds
200 metres	21.6 seconds
400 metres	48.2 seconds
800 metres	1:59.2 seconds
1,500 metres	3 min. 55.8 seconds
5,000 metres	14 min. 25.6 seconds
10,000 metres	30 min. 58.8 seconds
110-metre hurdles	15.2 seconds
400-metre hurdles	55.2 seconds
10,000-metre walk	45 min. 25.4 sec.
Running high jump	6 ft. 7 1/2 in.
Running broad jump	24 ft. 11 1/2 in.
Hop, step and jump	50 ft. 11 in.
Pole vault	13 ft. 2 1/2 in.
Throwing javelin	204 ft. 5 1/2 in.
Throwing discus	156 ft. 1 1/2 in.
Throwing 16-lb. hammer	159 ft. 6 1/2 in.
Putting 16-lb. shot	51 feet

#### KINGSTON ST. TENNIS

Two matches were played yesterday in the open tournament of the Kingston Street Lawn Tennis Club, resulting as follows:

Men's singles (for the Parks Cup)—O'Halloran beat H. Sayer, 6-2, 6-3, 6-4.

Mixed doubles—Miss Thorpe and A. J. Sayer beat Mrs. Shaw and Fletcher, 1-6, 7-5, 6-4.

Matches arranged for to-day are as follows:

At 6.30 p. m.—Mrs. Gardiner plays Miss Dudgeon. Miss Wood plays Miss Parkey. Miss Sissons and Colbourne play Mrs. and Mr. O'Halloran.

#### LOCAL JUDGES.

Vancouver, Aug. 18.—The executive of the Vancouver Amateur Swimming Club last night decided to ask George I. Warren and Albert Hinson, of Victoria, to act as judges at the championship swimming gala here on Saturday afternoon.

#### VANCOUVER OARSMEN ROWING SATURDAY

Vancouver, Aug. 18.—The Fall regatta of the Vancouver Rowing Club will be held on Saturday, August 28. The feature event will likely be a race for the R. N. W. M. P. crews of four oars, when the "H" division will be represented by A. J. Offey, stroke; P. P. Jago, A. M. Kennedy and W. Chaine, bow. The crew of the "H" division has not yet been completed, but will be announced later.

Besides fours, doubles and mixed fours there will be "Russian doubles," i. e., pair oars with lady-oars. The canoe events will be in the hands of Mr. Wallace, who made a clean-up at the N.P.A.A.O. races at Shawnigan Lake.

## LOCAL ROTARIANS WIN GAME AND CUP

Many Unheard of Things in Baseball Occurred in Victoria-Vancouver Game

Eleven Rotarians with past baseball records, some glorious, others dark, slipped over to Vancouver on Monday night to engage in the annual battle with the Terminal City Rotarians for the possession of the Vancouver Cup. This morning they returned with an extra piece of baggage, the Vancouver Cup.

From the few items which can be gathered as to the progress of the game, Victoria won by 11-10 by staging a tremendous fifth-inning rally. The players are retaining the word picture of the game for the Thursday luncheon of the club, when nothing will be talked about but this great game.

It appears that the two Rotarian teams met at Bowen Island yesterday afternoon at the annual picnic of the Vancouver club. It took nearly all the afternoon to play the five innings, and so powerful was the attack of the Victoria batters that three Terminal pitchers were chased into the bay. It was unnecessary for Victoria to call upon its star performers and pinch-hitters, Cliff Denham and Bob Lamb.

### Lester Must Have Won It.

Every player is trying to lay the blame for the victory on Lester Patrick, who pitched for Victoria and managed to win despite the juggling antics in the brickyard by his fellow townsmen. According to the story Lester was wonderful, and he had his battery-mate, Jim Beatty, a wizard in penmanship. Jim hitched himself to a chest protector and someone buried his face in a mask, protected one hand with a glove and told him he looked like a catcher. Jim went out and fooled them all by showing them he was a real catcher.

It is hard to discover who was the star as each man tries to claim the honor of making the most errors. Lester Patrick only yielded five genuine hits, but ten runners made the circuit. A piece of baseball strategy hitherto unheard of was pulled in the fifth inning and decided the game for Victoria. The local Rotarians got a man to first, and the next man up hit to the shortstop, who would have made a vaudeville juggler look silly. By the time he finally got the ball the base-runner was on his way to third. Then followed a gentle little game of trying to run this man down. Here is where Lester pulled a piece of strategy from the Polish war-book. He shouted to the pitcher, who jumped into the line to throw to second, which the obedient pitcher did. There was no need to throw to second, and before the Mainlanders realized what had happened the baserunner slid across the plate in a cloud of brick-dust, and the game was won.

### The Score.

The score by innings looked like this:

Vancouver	1	2	3	4	5	6	7	8	9	10	11
Victoria	2	1	1	4	2	—	—	—	—	—	—

The number of hits and errors was lost track of. The Victoria players remember getting seven hits in the first inning.

The local Rotarian ball team was as follows: Pitcher, Lester Patrick; catcher, Jim Beatty; first base, T. P. McConnell; second base, Bob Feden; short stop, A. C. Routh; left field, Frank Brown; centre field, Morgan Eastman; right field, W. E. Nachtrieb.

## V. A.S.C. TEAMS IN AN EXHIBITION GAME

Played Polo in Cool Air Last Evening at Gorge. Tom Wellburn Wins Handicap

Owing to the absence of the Elks water polo team, the game planned for last night at the B.C. Electric Park was played between the "A" and "B" teams of the V.A.S.C. Club. The cold wind blowing at that time was responsible for a dampening of the teams' enthusiasm, and no very brilliant play was shown by either team. The score was a draw of 5 to 5.

The usual club 50-yard handicap was held before the polo game and afforded an interesting sight to the spectators. There were eleven entries and the winners were: First, Tom Wellburn; second, Gracie Wellburn, and third, Langton Plumb.

**A Cold Dip.**  
An unexpected log rolling exhibition was given by young Fielding at the start of the aquatic events. A big log that had been blown down in the Park was floated from the bathing beach to the landing a few yards out. The log proved too strong for Fielding who was balancing with all his clothes and a heavy peeve, and he fell off after several minutes vainly trying to keep his balance and afforded a hearty laugh to all who were watching.

On leaving the water the teams were generously treated to hot coffee by Mr. Fielding which was more than appreciated after such a cold game. R. Alecek is to be thanked for his interest in the club and for looking after the arrangements of last night.

### CONSISTENT.

"That movie star runs form, doesn't she?"  
"Yes. She used to ride barebacked on her father's ranch out West and now she romps barebacked through her vampire scenes."—Film

## REDS TAKE GAME WITH LATE RALLY

Cincinnati Defeated Chicago in Ninth—Giants Win One, Lose Another

### AMERICAN LEAGUE.

Boston, Aug. 18.—Boston and Detroit won and lost yesterday, Boston winning the first game in the opening inning when a triple, double and three singles scored four runs. Ehmke had the better of Harper in the second contest. The Fenway Park flag hung at half-mast in memory of Ray Chapman.

First game—	R. H. E.
Detroit	3 11 0
Boston	4 10 1

Batteries: Oldham and Stange; S. Jones and Walters.

Second game—	R. H. E.
Detroit	3 11 1
Boston	1 7 2

Batteries: Ehmke and Stange; Harper and Schang.

First game—	R. H. E.
St. Louis	7 19 1
Washington	2 8 2

Batteries: Sothoron, Burwell, Schocker and Billings; Courtenay and Gharriety.

# PLAYER'S NAVY CUT CIGARETTES

### WITHIN THE ROPES

Winnipeg, Aug. 18.—Leo Alexander retained his title as light heavyweight wrestling champion of the world here last night, defeating Frank Montour, of Montreal, two-out-of-three falls. Montour took the first, Alexander the second and third, the final being of the whirlwind order, decided in one minute in a somewhat boisterous flip known as the "flying mare."

### FISHIN' IN THE RAIN.

Went brook-fishin' in the rain—Like to be right there again. Hangin' on the same old stump. Catches trout as pink and plump. On a day as wet and cool. Out o' that same little pool.

### FOX TROT TO STAY

Easier Waltz Steps Also Cannot Be Supplanted As Dancer To-day is Lazy, Masters in Convention Say  
Cleveland, Ohio, Aug. 18.—The fox trot and the easier waltz steps cannot be supplanted, according to members of the International Association of Masters of Dancing, at their 27th annual convention here.

### Want to exert himself mentally or physically, hence the gradual demise of the rigorous steps. Since the freakish steps began to wane, waltzes and the two-steps of ten years ago have been making a strong bid for a comeback, but it cannot be done, in the opinion of the dancing masters.

Approximately 200 delegates are attending the convention.  
Thinking over our own faults makes us talk less about those of other people.

### "George," the little wife said, "you're the most stubborn person I've ever known. Here I've been telling you why you're on the wrong side of politics, and you won't admit I'm right."

"But, Gertrude, dear," he answered, "I've been trying to convince you that you were wrong and I was right. You're the stubborn one, I'd say." "Not a bit of it," she answered angrily. "You're the stubborn one. I have the courage of my convictions!"

Proof of success will be given you by the above druggists.  
This Signature on Yellow Box and on Bottle

## DON'T think that because your stomach can digest food you are proof against indigestion. The most important digestive work is done by the bowels, liver and kidneys. Unless these are active and work in harmony, you are in danger of self-poisoning.

# BEECHAM'S PILLS

Worth a Guinea a box. Sold every-where in Canada. In boxes, 25c, 50c.

## help the bowels to functionate properly, and influence the liver and kidneys to act very efficiently.

## DELEGATES WILL CONFER IN BRUSSELS

International Financial Conference in September; Turks May Be Invited

London, Aug. 18.—The International Financial Conference at Brussels will be the first conference since 1914 to include the countries which recently were at war. It is possible Turkey also will be invited. The United States has accepted an invitation to send delegates.

## FIGHT FOREST FIRES IN WASHINGTON

Wenatchee, Wash., Aug. 18.—Five hundred men are engaged in fighting forest fires in the vicinity of Wenatchee to-day. Cooler weather has limited the spread of the flames and the high winds prevailing yesterday have died down.

## SASKATOON MAN WAS ELECTROCUTED

Saskatoon, Aug. 18.—James Martin, aged thirty, a chauffeur, was electrocuted here last night. He ran an extension cord from a bedroom light through a window and was searching for a key in wet grass. Apparently he received the fatal shock through the wire cage which surrounded the bulb.

## CASTORIA For Infants and Children. In Use For Over 30 Years

## ROYAL OAK HEARS BYLAW DISCUSSION

### Ex-Reeve Nicholson Asserts City Gets Too Much From Saanich

About forty ratepayers of Ward Five, Saanich, last night attended a meeting at the Royal Oak Hall held for discussion of the water and sewer by-law, and to hear addresses of the candidates for the vacant school trusteeship.

H. H. Grist took the chair shortly after 8 o'clock, and Reeve Watson then explained the details as to cost of the water extension to Gordon Head, emphasizing that the scheme promised to be self-supporting in three years and that it would be paid for entirely by those benefited by the work.

Discussing the proposed sewerage undertaking Reeve Watson said that he was giving no advice on the matter. He pointed out, however, that while the amount involved was large, yet in the plan under which the work would be done those who benefited were the ones who would pay for it.

Costing Too Much. Ex-Reeve Nicholson made an address on the extravagance of the plan, claiming that the item of the payment to be made to the city of Victoria, for the use of the North-west sewer, was a typical example of the way things were being mismanaged.

He maintained that when the scheme of connection to the city sewers was first mooted, some years ago, an arrangement was made whereby Saanich was to have full facilities in return for a payment of \$19,900.

Statement Challenged. Reeve Watson warmly protested that this statement was inaccurate, there was no record of any such proposal, he said, and that the only arrangement ever made and put on record was the one which Saanich is now being asked to honor, a promise of long standing, which the municipality was only doing the right thing to redeem.

Councillor Clark, in a short address, strongly advised support for the waterworks extension plan, and Councillor Henderson endorsed his remarks, claiming that the experience gained with the existing system showed that the extension to Gordon Head would be a safe undertaking financially.

Some of the same lines as Reeve Watson, the Councillor touched on the sewerage scheme, which he said the Council had prepared with great study, had drafted in such a way as to obviate too heavy a burden on any property owner, and to assure that the undertaking should not be assessed against others than those who had service from the installation.

Warmly Opposed. Ex-Councillor H. E. Tanner voiced uncompromising opposition to the pledging of the municipal credit for the benefit of any particular section of Saanich. He claimed that the costs had been greatly underestimated, and the proposed works could not and would not be paid for by the districts benefited.

Candidates Give Views. D. S. Tait, the candidate for School Trustees who is backed by the Parent-Teachers' Association, and Clarence Oldfield, ratepayers' Association candidate, also spoke.

The meeting closed at midnight with votes of thanks to the speakers.

## ASK RELEASE OF WINNIPEG STRIKERS

Several Winnipeg Men Interview Robertson and Guthrie in Ottawa

Ottawa, Aug. 18.—(Canadian Press.)—Pleading the cause of the imprisoned Winnipeg strike leaders, a deputation headed by F. J. Dixon, leader of the Laborites in the Manitoba Legislature, waited upon two members of the Government yesterday afternoon. It is understood their plea was to the effect that the recent election in Winnipeg demonstrated the people's confidence in the imprisoned men and served to show that the attitude of the men in forcing a general strike, and that few people believed the imprisoned men had any seditious intentions.

Interviewed by the Canadian Press, Senator Robertson, Minister of Labor, admitted that the deputation had waited upon him and the Solicitor-General, Hon. Hugh Guthrie. Asked if he cared to make a statement, Senator Robertson said the deputation had been received and laid its case before the two ministers, who would discuss it with their cabinet colleagues.

## FIRM CLOSE FOR NEW YORK STOCKS

(By Burdick Brothers Ltd.)  
New York, Aug. 18.—In spite of 9 per cent. money, the market held well with little change at the close. The technical position of the market looked to be much improved and specialties seemed to be further news on the foreign situation.

### MODERN POETRY; LYRICS AND SATIRE

Review of Some New Books in Library By Edna Marwick Just Published

"Book of the Sea," Lady Sybil Scott  
"Poems," Ralph Hodgson.  
"Escape and Fantasy," George Rostrevor.  
"Little School," Sturge Moore.  
"McAroni Ballads," T. A. Daly.  
"Starved Rock," Edgar Lee Masters.  
"Poems of William Blake," edited by W. B. Yeats.  
"Song of the Prairie Land," William MacDonald.  
"Canadian Singers and Their Songs," E. E. Caswell.  
"Unmade in Heaven," Gamaliel Bradford.  
"History of Japanese Literature," W. G. Aston.

**Sea Lyrics**  
A treasure house for lovers of sea literature is "A Book of the Sea," edited by Lady Sybil Scott. The collection does not aim to be complete, but representative of the writings of all ages which have found their inspiration in the sea. Lady Scott has brought together sea lyrics, reflections upon the sea, and sea pictures, stories of beauties and wonders, and sailor songs and chants.  
Essentially a lyric poet, but none the less essentially objective is Ralph Hodgson. His recent book is characteristically full of enthusiasm for ideals, and the vivid realization of the present, coupled with the unflinching suggestion of infinitude. To quote The Literary Digest, "There is not a page in this book that is not beautiful."  
"Escape and Fantasy" is a slender volume by a new poet, George Rostrevor. The writer may be classed with Ralph Hodgson and De La Mare. His poems are delicate and fanciful, and have the true English lyrical tradition behind them.  
"The poetry of Mr. Sturge Moore," says a critic, "springs from a serene state remote from squalor and noise, where all fair things inhabit." This characteristic is found in "The Little School," a collection of forty poems, delightful in their simplicity and whimsical style. Like that of most modern singers, this poet's verse is very close to earth, and is literally drenched with the beauty he finds there.

The poet of the cosmopolitan city, Tom Daly, has a gift of dialect which needs no comment. "McAroni Ballads" is the title of a book of clever verses in the Italian dialect. They combine fun and feeling, and a sympathetic understanding of the Italian emigrant.  
"Starved Rock" is the title of Edgar Lee Masters' recent book of poems which is said to be a real successor to the famous "Spoon River Anthology." There is a new grace and goodness of humor very welcome in this writer. Some of the poems show still the spirit of acid satire, which brought "Spoon River" fame.  
**Thoroughly Canadian**  
Wilson MacDonald needs little introduction to a British Columbia audience. "Songs of the Prairie Land and Other Poems" is a welcome collection of the verses of this Canadian writer. No other poet is so utterly and entirely Canadian. In the preface to this volume we read: "The spirit of his poetry is a prophecy of the extent and future of Canadianism. We read these poems and say not only is this what in Canada has been, but what in Canada shall be."

"Canadian Singers and Their Songs" is a book of portraits and autograph poems of most of our well-known writers. It is an interesting as well as valuable book, containing facsimiles of the manuscripts of such poems as "In Flanders Fields." A play of unusual interest is "Unmade in Heaven," by Gamaliel Bradford. The subject is intensely controversial, but is handled with skill and insight. The play centres about a young American girl, a Catholic who will not accept her lover until he is converted to her faith. The intensity of feeling of the two main characters is well portrayed, although the psychology of their actions is debatable. All the characters are well developed and skillfully contrasted, and the play is very readable.  
The voluminous literature of the Japanese nation, which extends over twelve centuries, has, as yet, been very imperfectly investigated by American and European students. W. G. Aston's "History of Japanese Literature" should prove, therefore, not only an interesting book, but also a guide to further study. In broad outline, the volume aims to follow the movement of the literature, and to trace the causes which determined its character at particular periods.

### THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—headaches, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Godden, 225 Napoleon Street, Fremont, Ohio.  
Such annoying symptoms as heat flashes, nervousness, headache, irritability and "the blues" may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

### SEPARATE MEETING FOR SCHOOL ISSUE

Folmie School To Be Scene of To-night's Meeting; Water Question at Cadboro Bay

An imposing platform will face the meeting at Folmie School this evening, when the extra subjects candidates will be backed up by Trustees, ex-Trustees and representatives of the provincial departments.

D. S. Tait, the candidate of the Parent-Teachers' Association, will be supported by ex-Reeve McGregor, Principal Leonard Tait, of Esquimalt School; John Kyle, Director of Technical Education; Mrs. MacLachlan, secretary of the Women's Institutes of B. C. and others. The Ratepayers' Association candidate, Clarence Oldfield, who has already spoken in the district, will not be present, but will be represented by Trustee Philip Holloway, who is leading the fight against extra subjects. A start will be made at 8.15 o'clock.

In Ward III there will be a meeting called by the Municipal Council at Cadboro Beach, when the water question will be under consideration. Gordon Head end of the ward having already endorsed overwhelmingly the extension, it was decided to give an opportunity to the Cadboro Bay residents to hear the views of candidates on the matter.

### INNKEEPER PAYS HEAVY FINE AS SEQUEL TO RAID

Sutro Bancroft, proprietor of the Burnside Inn, and Mrs. Blanche Shelhorn, managers, were yesterday afternoon mulcted \$400 and \$100 respectively in the Saanich Police Court for infractions of the Prohibition Act, Magistrate Jay refusing to listen to J. A. Aikman when he protested that previous dismissal of charges arising from the same offence debarred the Court from hearing the cases.  
The charges were the result of a carefully arranged raid which was recently made by the Saanich, City and Provincial police. Provincial Constable H. Bishop and N. C. Bell were identified by having been served with rye whisky at 35 cents per glass, that they had consumed the first order, and had been served a second time just at the moment when the carefully timed raid was effected. Chief Brogan testified to finding whisky in a jam jar and a bottle.

Mr. Aikman for the defendants admitted there was a complete case against the accused, but when the fines were assessed by Magistrate Jay he again protested that the case should not have been heard, and gave notice of appeal. In the meantime agreeing that the fines should be paid.

### PROPRIETORS FINED

Magistrate Jay Warns Management of Chicken Dinner Inn  
Condemning the conduct at the Chicken Dinner Inn on the Gorge Road, Magistrate Jay yesterday afternoon, in the Saanich Police Court, fined W. L. Scribner the proprietor \$100, his wife Mrs. Alice Scribner being assessed a similar amount and Edward Hatch, an employee paid \$50, for having liquor in other than a dwelling house, the charge being a sequel to a recent raid by the Saanich and city police forces.

J. A. Aikman defended the accused and objected to the fining of both husband and wife on the same charge.

Chief Brogan in his evidence said that he had warned the accused as to the manner in which they were operating their business, the house being frequently very noisy and disorderly.

In imposing sentence Magistrate Jay warned Scribner that, by operating his roadside restaurant, he complained of, he was bringing himself within the limits of a much more serious charge, this admonition being based on Chief Brogan's statement that "chicken dinners, booze and other worse things" featured the Chicken Dinner Inn.
